## NC 4 STARTS FOR MAINLAND TODAY

Seaplane Jumps Off at Ponta Delgada at 6:18 New York Time.  
For Flight to Lisbon

CROWDS CHEER: GUNS BOOM

Weather Conditions Are Excellent, According to Reports From Destroyer Stations

(By United Press.)  
Washington, May 27.—Flying through the air at a speed of approximately 80 miles an hour, Commander Read of the NC-4 passed station ship No. 8 at 11:15 o'clock, Washington time, this morning.  
This news flashed to the navy department revealed that the NC-4 has passed the half way mark on its journey from Ponta Delgada to Lisbon after four hours and fifty-eight minutes.

The leg to the continent is being flown with the same crew as that which started from America.  
In anticipation of the successful culmination of their pioneer adventure, congress is already prepared to reward the men. Representative Britten, Illinois, member of the navy committee, would award them the congressional medal for distinguished service.  
Chairman Hicks of the special aviation committee of the house naval committee, also advocates some memorial.

To insure the safety of the NC-4, the navy department has distributed fourteen destroyers along the route from Ponta Delgada to Lisbon, ranging in distance of approximately 50 miles apart.  
Naval officials here figure that the NC-4, if she continues the present rate of speed, will reach the continent destination at 4:15 p. m., Washington time, this afternoon.

Ponta Delgada, Azores, May 27.—The Navy Curtiss 4 took the air, bound for Lisbon, at 10:20 a. m., Greenwich time, (6:20 New York time) today.

Lieut. Commander Read and her original crew were in the great seaplane when she began the final leg of her flight to the European mainland. From Lisbon she will fly to Plymouth, England.

A tremendous cheer went up from the crowd on the shore when the NC-4 left the water.

Guns boomed and bells were rung in the little Portuguese town.

The NC-4 headed eastward at once and had passed from sight four minutes later.

Weather conditions were excellent and reports from destroyer stations between Ponta Delgada and Lisbon indicated the conditions were perfect all along the route.

The start was made after Read and his men had carefully overhauled the engine for more than an hour.

As the NC-4 passed the first destroyer station to the east of Ponta Delgada, Lt.-Com. Read sent a radio to Admiral Jackson at Ponta Delgada, thanking him for the hospitality to the American flyers.

On successful flight by the United States naval seaplane NC-4 from Ponta Delgada to Lisbon today depended the completion of the trans-Atlantic flight started from Trepassey, N. F., May 16, this seaplane being the only survivor of the three that essayed the trip.

The United States naval seaplanes NC-1, NC-3 and NC-4 started from Rockaway Point, N. Y., May 8 on the preliminary leg of their flight across the Atlantic. The NC-1 and NC-3 made a continuous flight to Halifax, reaching there in safety. The NC-4 however, encountered engine trouble and was forced to flight on the sea off Chatam, Mass.

## SOVIETS ARE OVERTHROWN

Chinese, Letts and Finnish Reds Reported Holding Petrograd.

(By United Press.)  
London, May 27.—A new agency dispatch reported today that Chinese, Letts and Finnish Reds hold Petrograd and had overthrown the Soviet government.  
A heavy bombardment from the sea was reported, apparently directed at Petrograd and another point twenty-one miles west of that city.

## HOME SERVICE FUND \$452 SHORT OF GOAL

Gain of More Than \$1,000 is Made Over Yesterday's Total, According to Elks Committee

ADDITIONAL FROM RUSHVILLE

The Salvation Army Home Service fund was just \$452.60 short of the goal today. With the county quota \$3,000, the Elks committee in charge of the campaign have \$2,547.40 in cash and pledges.

This is a gain of more than a thousand dollars over yesterday's report, which showed \$1,499.55. The gains came from Washington and Anderson townships, which have raised their quota, some additional from Richland and Rushville, which has passed its quota, and a small amount from Orange.

Rushville township's subscriptions now amount to \$1,451.85, which represents a gain of \$450.85 over yesterday. Included in this sum is a donation of \$25 from the War Mothers and \$102 which the Tri Kappa realized off the sale of doughnuts last Wednesday. Anderson, with a quota of \$350, and Washington with a quota of \$200, were reported over the top. Orange township sent in \$43 and Richland \$4 additional.

## DELINQUENTS HERE OWE \$190 DOG TAXES

Names Are Turned Over to Prosecutor Who Will Collect Fine For Failure to Pay

WHAT THE STATUTE PROVIDES

Owners of dogs in Rushville townships, owing dog taxes in the combined sum of \$190, will have to pay a fine in addition to their tax, for having failed to pay their tax to the assessor in the required time. Their names have been turned over to the prosecutor, who will collect the fines and the taxes, in accordance with the law. Persons who fail to pay dog taxes are not only liable on that score, but are likewise subject to a fine for perjury for failing to notify the assessor that they owned a dog.

Delinquents who are daily paying their dog taxes to the township trustee, are reporting their neighbors who neglected to report to the assessor that they owned a dog. They can save themselves a fine if they visit the trustee, J. V. Young, at once, providing their names have not been reported to him and turned over to the prosecutor.

The trustee has no authority to dispose of dogs. Neither can persons who own dogs escape the tax by disposing of their dogs now because the tax is for the year past.

REAFFIRM ELECTION

Washington, May 27.—By a vote of 38 to 8, senate republicans in caucus today reaffirmed the election of Senator Penrose as chairman of the finance committee. The caucus was public.

## INFIRMARY TO BE IN FORM OF CROSS

Outside Measurements of Building to be Erected by County Will be 130x135 Feet

WILL BE TWO STORIES HIGH

Structure Will be of Brick. With Stone Trimming, and Will Have a Tile Roof

McGuire and Shook, the firm of architects in Indianapolis which was commissioned by the Rush county board of commissioners to draw plans for the proposed county infirmary to be erected on the site of the old one east of the city, have announced a general outline of the building, the contract for which will be awarded July 8, by which time it is expected the state board of tax commissioners will approve the bond issue of \$85,000 to pay the cost of construction.

The term of the issue and the interest rate have not been decided, but will be shortly. The county council has been called for July 8 to authorize the bond issue.

According to the announcement by the architects, the outside measurements of the building will be 130 by 135 feet. The building is to be laid out in the form of a cross. The west wing will be devoted to the care of men inmates, while the east side of the building will house and care for the women.

The building is to be two stories and basement and will be of brick and stone trimmings with tile roof. The superintendent of the institution according to the plans, will have a model home on the first floor of the building, consisting of three bedrooms, dining room, kitchen and bathroom. Also on the first floor there will be some inmates rooms, two dining rooms, one for men and one for women, a spacious kitchen, toilets and baths. In the rear of the building will be a custodial wing where space will be given over to detention cases to be cared for. Also in this wing there will be a large laundry.

The remainder of the individual rooms for inmates will be on the second floor, as will be wardrooms for men and women. The hospital section with complete modern operating room will also be located on the second floor.

## FAVORS ABANDONING BIG NAVAL PROGRAM

Secretary Daniels Recommend Congress Not Follow His Advice of Last December

SHOWS FAITH IN THE LEAGUE

(By United Press.)  
Washington, May 28.—Abandonment of the big naval program was recommended to the house naval affairs committee today by Secretary of the Navy, Daniels. The United States would show its faith in the league of nations covenant by elimination of the program submitted to the last congress, which would make the American navy second to none.  
Daniels said he had assurances from Lloyd George and other allied statesmen of their planning to follow the lead of the United States and "that it was a wiser policy not to enter any large construction program until the league of nations meets."

The secretary's statement today was a direct reversal of his recommendations last December.

"America has only two courses," Daniels said, "either to build the biggest navy in the world or have the league of nations."

## ADMISSION TO THE LEAGUE DEMANDED

German Counter Proposals Agree to Restoration of French Territory, Scheidemann Says

TO RESPECT BELGIAN DEMAND

Declare Germany is Ready for Complete Disarmament—Austrians To Get Terms Friday

(By United Press.)  
Paris, May 27.—The peace terms will be submitted to the Austrian delegates at a formal session at St. Germaine Friday noon, it was officially stated today.

Berlin, May 27. Chancellor Scheidemann informed the United Press today that Germany's counter proposals to the peace terms will demand immediate admission of Germany to the league of nations.

The counter proposals, the chancellor said, placed the needs of France foremost, agreed to restoration of destroyed French territory and full reparation for ruined coal mines.

Germany also agreed to respect Belgium's demand, Scheidemann declared.

They also accept the number of 100,000 for the German army and declare Germany is ready for complete disarmament, providing the other nations agreed to do likewise. Germany's demand for admission to the league of nations is based on President Wilson's fourteen points, said Scheidemann.

Germany's terms will be handed to the allies some time this week.

The Big Four today continued discussion of the Austrian peace treaty, including the final section. The treaty, it was learned, still has many incomplete provisions. Because of this and because it is necessary to devote much time to consideration of the German delegates' note, it is believed likely that the treaty can be handed to the Austrians before the end of this week and that action may possibly be deferred until next week.

The recommendation of the economic council to maintain the blockade against Hungary until a regular government, based on a free and popular mandate, has been ratified by the council of four. Consideration of the conditions of which the Bulgarians must submit has been given by the council.

Paris has been filled with rumors concerning the recognition of Admiral Kulechak's government. Several Paris newspapers have announced that the council of four had decided to recognize this government under certain conditions. This could not be confirmed in conference circles, although serious discussion of the subject was frankly admitted.

The majority of the council of four, possibly all the members, as well as the Japanese, have apparently agreed on recognition if proper guarantees are given of the thoroughly democratic character of the government.

The American delegation, however, declined to confirm the report that a final decision had been reached, and the Russian commission, headed by Prince Lvoff, was not advised of any formal proposal to the Omsk government, with which it co-operates.

The French foreign office has declined to give confirmation. Positive action, nevertheless, appears imminent, and the opinion prevails among the peace delegates that Admiral Kulechak will get the support of the five great powers if he gives assurances of his purpose to grant to the Russians an opportunity to determine the nature of their government by popular vote.

## RECEIVE WORD SON LANDED

Mr. and Mrs. Joe Vandament Get Message From Lieut. Vandament.

Mr. and Mrs. Joe Vandament, living north of this city, have received word from their son, First Lieutenant Walter T. Vandament, that he has landed in New York after more than a year overseas. The message stated that he thought he would be transferred to Chicago and from there he was planning to make his parents a visit while on leave of absence.

## WILL BE HERE DESPITE INJURIES HE SUFFERED

H. A. Winterrowd, Grand Master of I. O. O. F., Sustained Fractured Shoulder at Noblesville

TO ADDRESS CENTENARY MEET

H. A. Winterrowd, grand master of the Indiana I. O. O. F., will be here for the Centennial celebration of Franklin Lodge of Odd Fellows, Thursday, despite the fact that he sustained a fractured shoulder in an interurban accident at Noblesville, Ind., Saturday night, according to a letter received from him this morning by J. T. Arbuckle.

Local Odd Fellows feared, after reading of the mishap at Noblesville when an interurban car ran wild and killed one person and injured fifteen, that Mr. Winterrowd would be unable to attend as he was listed among the injured. However, in response to a letter from Mr. Arbuckle, written last Saturday before the accident, Mr. Winterrowd answered that he would come regardless of his injuries.

He will arrive about three o'clock of time for the reception in his honor from 3:30 to 5:30 in the afternoon. Mr. Winterrowd will also speak at a public meeting in the hall following the conferring of the degree of Truth on the Centennial class, in the evening.

## TO ENTER LONDON AS CONQUERING HEROES

Harry Hawker and Commander Grieves Cheered Today on The Way to The Metropolis

CROWDS LINE THE STREETS

(By United Press.)  
London, May 27.—Harry Hawker and Commander Grieves will proceed toward London cheered all along the line like conquering heroes.

When the aviators, who fell into the sea while attempting to fly from Newfoundland to Ireland, arrive in London tonight, they will be assured of a reception probably the equal of that ever accorded national heroes entering the metropolis.

From Thurso, Scotland, where they were landed by a British warship, there were cheering crowds at all the Highland stations. At Inverness they were greeted by Provost Macdonald.

"This welcome is most embarrassing," replied Hawker. "The risk was not so great as people thought. It was a perfectly straightforward attempt to fly over, not a do-or-die enterprise."

After having been entertained at dinner by the provost, Hawker appeared on the balcony of the hotel and thanked the crowd, which blocked the streets, calling for him.

FAVORS TAX REPEAL

Washington, May 27.—The house ways and means committee today ordered favorable report on the resolution repealing the so-called luxury tax.

## HOPES FOR STATE AID HERE BLASTED

Program of Highway Commission Indicates no Help May be Expected in Rush County.

INFLUENCED BOARD'S ACTION

Main Reason For Holding Up County Unit Petitions Was Condition of Bond Market.

All hope of Rush county receiving any help from the state highway commission in the construction of permanent roads this year, has been blasted with the announcement of the state commission's program for the year. Many have been urging that the county commissioners withhold action on the petitions for cement highways under the county unit law because of the chance that the county might order the improvement of a road that the state commission would build.

However, there seems to be no road in Rush county that is worthy the consideration of the state commission at this time. The only hope of the good road boosters here was that the commission might designate a north and south road connecting Rushville with the National road, but even that is not in this year's plans, and many are of the opinion that it will be many years before Rush county can hope to get a road permanently improved by the state road body.

Although the idea that the state commission might build a road here had some bearing on the decision of the commissioners recently to postpone action on several petitions for cement roads, the main reason for not approving any of the petitions, is said to be due to the fact that there is no market for road bonds at this time. Only two of five issues offered for sale recently were bid on, and they were taken because persons living on the roads were anxious to see them built and made a special effort to have the bonds sold. Those issues will not be actually sold until the state board will O. K. them because the proceedings have gone too far. The board prefers that they be given an opportunity to pass on a proposed bond issue before the bonds are actually issued.

The only way the other three issues which were offered for sale recently, can be sold at this time, is for persons who will be benefited by the roads to raise enough money to pay the difference between par and the amount for which the bonds will be sold.

## FINED \$5 AFTER HE COLLIDED WITH TREE

Earl Miller is Arraigned For Speeding as Outgrowth of Accident Here Saturday Night

CYRUS GREEN IS ALSO FINED

Earl Miller, living south of this city, was fined \$5 and costs late yesterday afternoon in city court, when he pleaded guilty to a charge of speeding. The charge was the outgrowth of an accident late Saturday night when Mr. Miller collided with a tree while making the turn into Second street from Buena Vista Avenue. Mr. Miller's machine was badly damaged.

Cyrus Green of near Gwynneville was also fined one dollar and costs for operating a machine with a license number otherwise than that required by the law. Mr. Green stated that he bought the machine in Indianapolis, and thought it was legal that he run the car on the license furnished by the sales house and was not aware of the fact that he was violating the law. He is the son of Dr. John Green of Manilla.

## SUIT OVER POLICY IS READY FOR JURY

Case of James F. Webb Against Reserve Insurance Co. on Trial in Circuit Court.

### SENT HERE FROM GREENFIELD

The case of James F. Webb of Hancock county against the Reserve Loan Life Insurance company, to recover \$823.83 on an insurance policy, which was sent here on a change of venue from the circuit court at Greenfield, was expected to reach the jury about three o'clock this afternoon. After the noon intermission, there was still an hour and a half of argument before the judge delivered his instructions.

The plaintiff alleges the sum of \$623.83, together with an accumulated surplus of \$200, is due him on a policy of the defendant company, which was written November 20, 1904, and matured at the end of thirteen years. The defense is that Webb signed a note against the policy for \$500 and the company wishes to deduct that in the settlement. Webb says he has no recollection of signing the note.

The jury hearing the case, which began yesterday, is composed of the following men: I. N. Stevens, L. A. Ward, Charles Owens, A. W. Newson, Charles French, Floyd Kinnett, Bert Collee, Ora Chance, George W. Thomas, Dan Kiplinger, W. A. Caldwell and E. E. Polk.

## HOG PRICES LOWER IN INDIANAPOLIS

Hog prices declined in Indianapolis today with receipts one thousand and greater than yesterday. Corn was strong and prices went up a half to one cent. Oats held firm and hay prices advanced \$1.50 a ton. Cattle were slow and weak.

## NC-4 STARTS FOR MAINLAND TODAY

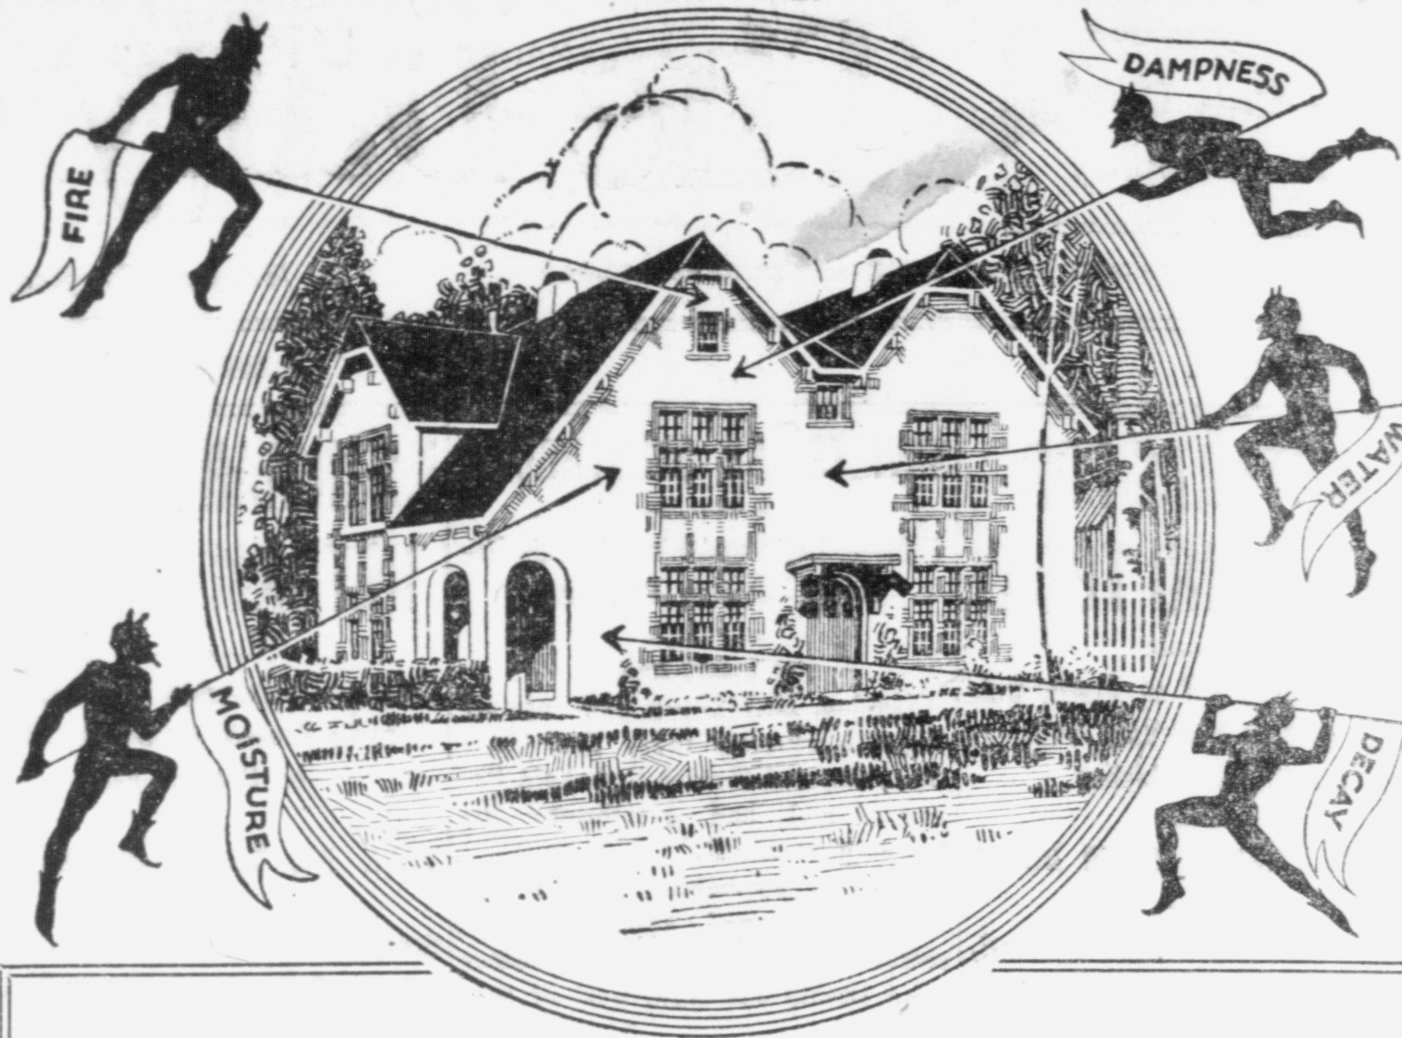

Continued from Page One  
It was towed into the harbor and parts were rushed there and the machine was put in shape to continue its voyage.

On May 14 the NC-4 left Chatam and arrived at Halifax safely. The next day it continued its flight to Trepassey, Newfoundland, where it joined the NC-1 and NC-3, which had reached Trepassey May 10.

The three seaplanes left Trepassey, May 16 on their trip to the Azores and the NC-4 arrived at Horta, in the Azores the next day, having been in the air thirteen hours. The NC-1 lost her way in a fog and her crew was picked up by a Greek steamer and taken to the Azores, the plane being lost. The NC-3, after losing her bearings, alighted on the sea, from which the craft, in the command of Commander Towers, was unable to arise.

After being missing fifty-two hours the NC-3 entered the harbor of Ponta Delgada, Azores, under her own power. She was so badly battered by the seas she encountered, however, that she was retired from the contest, leaving the NC-4 the sole survivor of the trio.

The naval officer in charge of the NC-4 is Lieutenant-Commander Albert Cushing Read, who is accompanied by five companions. From Ponta Delgada to Lisbon is approximately 786 miles.

## A Kellastone Home Defies the Weather Elements

Watch out for destructive weather elements when you build. Heed the warning of the experienced contractors and architects and choose a building material that will not fall prey to the ravages of rain, snow, heat and cold.

After all, the real satisfaction of owning a home is knowing that it represents a sound investment. Remember that security in building is measured by the strength and permanency of the exterior walls. As evidence of this, we point to the thousands of buildings which stand as a lasting tribute to

**KELLASTONE**  
IMPERISHABLE STUCCO

Time exacts no toll of deterioration when you build with KELLASTONE. Here is a material which affords a life-time of security from the evils of wear and weather. It is immune to fire, frost, heat and cold. No need of frequent painting or constant repairing. No high premiums for insurance—no excessive fuel bills. The first cost is the last cost.

KELLASTONE is a scientifically balanced composition that doesn't contain a particle of lime, gypsum or Portland cement. It does not crack like ordinary stucco; sets up in a hard stone-like mass, and regardless of atmospheric conditions, it remains clear and brilliant. Learn all about this twentieth century stucco—send for free booklet — "The Story of KELLASTONE."

Sample of this work in progress at the Ford Bldg. (Windsor Hotel) and may be inspected by the public.

## SUFFRAGE VOTE IN SENATE BLOCKED

Senator Watson Attempts to Bring Resolution to Floor After Receiving Appointment

A DEMOCRATIC FILIBUSTER

Chairman of Committee Expects Measure to be Passed by Senate Within a Week

Washington, May 27.—Senator Watson, within an hour after his selection as chairman of the senate suffrage committee, entered a fight on the floor of the senate yesterday afternoon to bring the suffrage federal amendment resolution to a vote immediately.

However, a filibuster begun by southern democratic senators opposed to suffrage blocked a vote for the present. The Indiana senator was content for the Democrats to take the responsibility for delay. The anti-suffrage crowd was led by Senator Hoke Smith of Georgia.

Senator Watson expressed the belief later that the suffrage amendment will be brought to a vote within a week and that it will pass in the senate by a margin of two or three votes. It was the senate which blocked passage at the last session. The present house passed the suffrage resolution last week, so that when it is accepted by the senate it will pass to the state legislatures for adoption or rejection.

"I expect the suffrage resolution to be passed in the senate within a week," said Senator Watson confidently.

Senator Watson was chosen chairman of the suffrage committee at a republican caucus held an hour before the convening of the senate. As soon as the senate session opened he called up a previous motion of Senator Jones, republican, of Washington, proposing that the committee be discharged from further consideration of the resolution and that it be placed on the senate calendar and then called up for a

vote. Southern democrats then resorted to parliamentary tactics to delay a vote. Senator Watson is himself pretty handy as a floor leader and a parliamentarian, but this time he was content for the democrats to place themselves in the position of suffrage opponents. He will call up the resolution for a vote at the first opportunity within the next few days.

While Watson heads the suffrage committee, Senator New becomes chairman of the committee on territories.

### DAYS PICKINGS

Mrs. William Plessinger was operated on at Sexton's hospital this morning for appendicitis.

Born to the wife of Albert Capp

Sunday, a nine-pound baby boy. The child has been named Frederick James.

Robert Holt of this city has sold his sorghum plant in Jackson township to W. C. Duncan of Greenfield. Mr. Duncan will move the plant to Cumberland, where he will operate it.

The Rebekahs have postponed their supper for the local order of Odd Fellows from Wednesday night until Thursday night. The public is invited to this supper. A fee of fifty cents will be charged.

Russell Bebout of North Maple street who has been seriously ill for several days is reported to be improving at present. Mr. Bebout is suffering from blood poison which is the result of being bitten by a horse some time ago.

## Remember That

You don't have to eat an egg to find out whether or not it is any good; all you have to do is to break it. Same way with us; you don't have to buy our Groceries to find out whether or not you are getting value for your money; just drop in and see what bargains we have in all staple lines of food-stuffs—that will convince you.

**Brown Bros. Grocery**

## MONEY

This is the season of the year when ready money is scarce with most people. You can get any amount you need from \$20.00 to \$300.00 on your own security—length of time to suit your convenience. Best legal rates.

**War Stamps a Good Buy**

Now that the Liberty Loan campaigns are ended and some attention is being paid to War Savings Stamps, the country is beginning to realize that the War Savings Stamp is a good buy. It is, in fact, a better buy than the Liberty Bond. There are two reasons why. In the first place, the War Savings Stamp pays four percent compounded quarterly, in case it is held five years until maturity. In the second place, the War Savings Stamp, unlike the Liberty Bond, never falls below par. On the contrary, it is always worth more than par, paying the holder three percent over his investment from month to month.

The stamp buyer, therefore, gets a better rate of interest and stands to gain instead of lose if he has to sell his stamps. These two facts will be emphasized more sharply in a short time when the Treasury Department puts out the new One Hundred dollar and One Thousand dollar stamp. The One Hundred dollar stamp, for instance, will sell at \$85.40 in June. It will increase in value at the rate of \$1 per month, and be worth \$100 on January 1, 1924. This will make an investment that is hard to beat.

**Extending the Red Cross**

Future plans of the League of Red Cross Societies were announced by Henry P. Davison, Chairman of Governors, at a dinner given to the Board in Paris by Henry Morgenthau, of New York, formerly ambassador to Turkey.

In his announcement according to information received today at Red Cross headquarters, Mr. Davison

said invitations to become members of the League have been extended to the Red Cross societies of the following countries.

Argentina, Australia, Denmark, Greece, Holland, India, New Zealand, Norway, Peru, Portugal, Roumania, Serbia, South Africa, Spain, Sweden, Switzerland, Uruguay, and Venezuela. Representatives of these countries who were present at dinner, received formal invitations on behalf of their national Red Cross organizations.

Improvement in health prevention of diseases and mitigation of suffering everywhere through the medium of Red Cross organizations are the purposes of the new League.

**What 50 Years Did to the Farm**

If we compare life upon the farm now to what it was fifty years ago we shall find a wonderful increase in its convenience and comfort to the farmer.

Improvements in farming machinery have made the work somewhat less strenuous, and improved methods of farming enable better results to be produced with less effort.

But the greatest amelioration in conditions comes from the rural free delivery, the telephone and the automobile.

These have put an end to the farmer's isolation. He is now a member of the community, and a prominent one. Whatever the weather conditions, news of the world comes to him regularly, and he is in immediate touch with neighbors and friends.

A man likes to make his vacation as much of a contrast to his ordinary life as possible. A railroad conductor simply loves to spend his vacation making appointments and being a little late in keeping them.

**Man Had Miraculous Escape**

"I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of Mayr's Wonderful Remedy. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Druggists Everywhere.—(Adv.)

**Sap and Salt**

By BERT MOSES.

Things done by force are always done wrong.

Onions and love should not be mentioned in the same breath.

Tell others your joys, but keep the sad story of your life to yourself.

Hez Heck says: "Getting married is a blamed sight easier than being married."

There are just as many people who know a thing is so as there are people who know it isn't so.

Booze is beaten; tobacco comes next, and then the reformers will go after peanuts and chewing gum.

The way to win is to be a winner, just as the way to sin is to be a sinner. Sinning and winning are simply matters of centering upon the proposition.

Several of President Wilson's fourteen points seem to have been lost in the scramble. And now Germany is calling for them.

**HOPES FOR STATE AID HERE BLASTED**

Continued from Page One  
sell. This was done in the case of one of the issues, which a bonding house has agreed to buy as soon as the tax commissioners approve it.

With the government popular war bond campaigns at an end there is said to be some prospect of the road bond market improving. In fact it does show improvement, there is believed to be a chance of getting through an extension of the Weir road, which will be built in Noble township this summer, to the county line. It is stated that the two road next favored are those running east to Glenwood and west to the Shelby county line.

The following are the highways marked for improvement by the state commission as soon as plans and specifications can be prepared:

National road, from Terre Haute, to a point five miles east of Stilesville; 31.7 miles of improvement.

Lincoln highway, in Elkhart county; two stretches, totaling ten miles, which completes the improvement of the Lincoln highway between South Bend and Elkhart.

The road between Indianapolis and Greenwood, approximately ten miles.

The range line road north of Indianapolis for seven miles.

National road, west of Indianapolis to the Marion county line, six miles.

Michigan highway, in Marshall county, for 8.7 miles north of Plymouth.

Niles road for 4.7 miles north of South Bend.

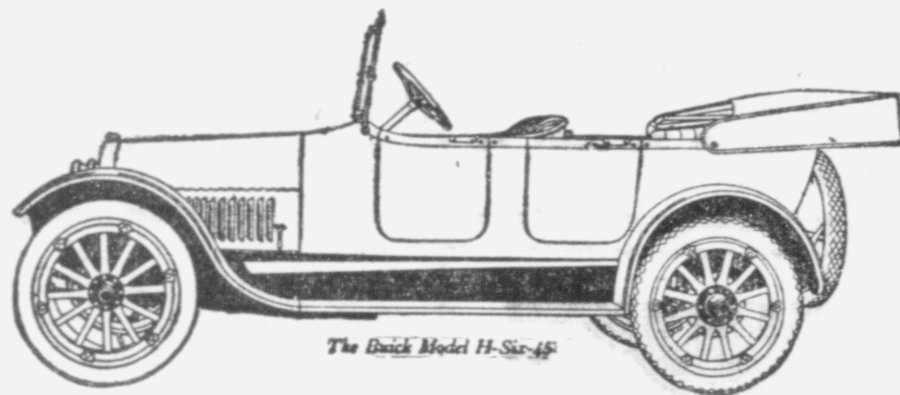

National road in Wayne county for one and one-half miles east of Cambridge City.

The French Lick road in Warrick

**"I Want the Swellest Range"**

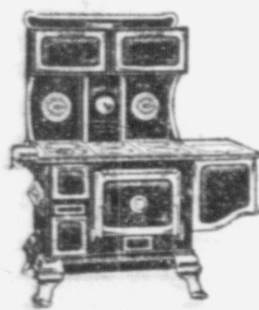

"I want the swellest range in the state, and I want it quick," said a man. He had postponed this purchase as long as he could—so long that he was now ashamed and to make up for all he determined to buy the "swellest," as he put it.

Here is what he bought.

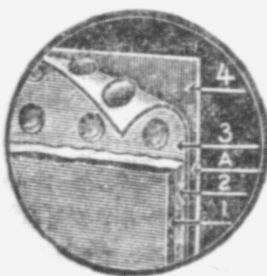

He didn't give it a thought. It was fussy—full of frills and foolish ornaments—and he

bought it. Had it been a piece of machinery he would have read up on it, but he didn't have to use it—nor see it all day—nor clean it.

If he had allowed his wife to select the range, she would have passed up such freaks and selected the Copper-Clad, because of its simple beauty.

She knows, too, how ranges rust from the inside. She

knows that the sheet of pure copper between the asbestos and range body doubles and trebles the life of a range.

This is the first of a series of stories about the Copper-Clad range. We want everyone—men, women and children—to know all about the Copper-Clad, and if you read these articles from week to week you will know exactly what Copper-Clad means. You will know what sweaty asbestos does to a range.

**S. L. HUNT - Hardware**

and Spencer counties through Boonville, fifteen miles, part of which is east and part of which is west of Boonville.

This makes a total of ninety-four and six-tenths miles the commission has marked for improvement this year. Some time ago it was announced informally that the commission likely would be unable to have completed much more than 100 miles of road this year.

**DECLARES REVIVAL FIRE IS BURNING**

Capt. J. A. Tench Says Spiritual Interest is Being Taken in Salvation Army Meetings.

**POINTS EMPHASIZED BY HIM**

"Spiritual Reconstruction" is the subject to be used by the speaker, Capt. J. A. Tench tonight at the Salvation Army Hall.

The revival fire is burning and conviction is resting upon the people, Capt. Tench reports. Those not attending these meetings are missing a real spiritual treat, he says.

A few things he emphasized last night were: "No hydraulic power, nothing but the river of Christ's blood, can lift the weight of sin." "There is no use of asking God for more power, until you get busy and use the power God has given you. Get sin out of your life and your neighbor will feel the power of your prayer."

**HELD FOR MATCHING PENNIES**

Columbus, Ind., May 27.—Orville Brooks, 25 years old; John Brooks, 22; John Thompson 17 and Joseph Sidener, 18, were arrested here Monday charged with gaming. The specific charge against the accused is that of matching pennies.

## Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do *all that work*. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better, than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

**C. H. (Nick) TOMPKINS**

### Amusements

#### Pictures and Vaudeville

"The Bogus Modiste," is the offering at the Mystic theatre tonight by Lew Green and his company of Musical girls in connection with the photoplay, "The Love That Dares," with Thomas Santel in the starring role.

No man knows the business more thoroughly than does Mr. Santel—for not only is he a sterling actor with a fine record on the speaking stage behind him, but he is a motion picture director as well. This is a combination of talents and experience of immense value to a man. In whichever capacity he may be serving the public, his experience in the other capacity must tend to his advantage.

Tom, as his friends call him, had his first job in the theatre with the Bailey sisters, singing illustrated songs. These girls heard Tom sing on an amateur night, and they gave him a job at \$8 a week.

In 1907 Tom was in Chicago and a picture company there wanted a leading man who could ride, swim and stand punishment. When Tom heard this he rushed to the office and announced his exceptional ability in all three directions. He got the job.

At present Tom is making Hollywood, Cal., his home. He admits he has two hobbies. One is collecting guns and the other is automobiles.

and being of an athletic turn, he naturally loves to hunt and fish.

#### Ethel Clayton at Princess

Can a simple, sincere, inexperienced soldier boy win a beautiful but fickle Broadway chorus girl when that girl is just on the eve of catching a husband a handsome young millionaire? Nine out of ten will say, "impossible!"

But Monte Blue, as Private Pettigrew in Ethel Clayton's new Paramount starring vehicle, "Pettigrew's Girl," which is being shown at the Princess theatre tonight says it can be done. Miss Clayton has the role of Daisy Heath, a chorus girl and Broadway beauty. Daisy has her line out to catch a rich husband.

Private Pettigrew is alone in the world, having no parents, relatives or friends. He never even had a sweetheart, but when he takes a trip to New York from the emarkation camp at which he is stationed, he gets a front seat in Daisy's theatre. There he sees her and throughout the whole performance he can't take his eyes off her. He arranges to meet her, and lots of things happen.

Miss Clayton again evinces her remarkable versatility in this picture. Monte Blue gives a delightful portrayal of the soldier. The picture was directed by George Melford. The scenario is by Will M. Berkeley, from the story by Dona Barnett. In the supporting cast are James Mason, Charles Gerard and Clara Whipple, all of whom are capable artists appearing in congenial roles.

"Three Men and a Girl," will be shown Thursday and Friday.

#### BEEKEEPERS ON TRIP.

Elmore, Ind., May 27—Fifteen automobile loads of beekeepers left the farm of Lew Core, two miles south of here today, on an inspection trip of Davies county apiaries. They accompanied C. O. Yost, state apiary inspector who was to show them the best methods of treating foul broods. The trip, which will last two or three days, follows a basket picnic dinner of the beekeepers at the Core farm yesterday.

### 7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

### FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

## SAYS HE DID NOT REFUSE CONTRACT

A. R. Herkless Declares Report He Would Not Accept Beaver Bridge Job is Erroneous.

BOARD THOUGHT THAT HE DID

He Says He Was Low Bidder on Two Other Contracts he Didn't Get—Explanation For it.

A. H. Herkless says a misunderstanding caused the report that he had refused to accept the contract for the Mart Beaver bridge, awarded Saturday by the county commissioners, because he had not been given the contract for the Norris bridge, on which all bids made were the same—\$1,725. Mr. Herkless' bid on the Beaver bridge was the low one, but the commissioners gave the contract to E. L. Kennedy, whose bid of \$625 was \$5 more than that of Mr. Herkless, because they were under the impression Mr. Herkless did not want it if he could not have the Norris contract.

Mr. Herkless says he left the court house Saturday afternoon under the impression that he had the contract and had no intimation that it had not been awarded to him until he read the statement in the Republican last night. Mr. Herkless declares that he had made some arrangements yesterday to begin work on the bridge.

He declares that he did not say he would not accept the contract for the Beaver bridge, but made the remark in the presence of the commissioners, when they told him he had been awarded the contract, that he would like to have had the Norris bridge also. The commissioners decided in favor of Lawrence and Ennis of Arlington, whose bid was the same as Herkless' and Kennedy's, because they have a ten-ton roller and other necessary equipment.

Mr. Herkless says that he was not offered a contract to sign and did not ask for any because he supposed the rule here was the same as he had found it elsewhere, that a contract may be signed any time within ten days after it is awarded.

John A. Thaworth, county attorney, when asked about the circumstance today, said that the commissioners had always made it the practice here to have contracts signed the day they were awarded because the supreme court had held this to be the law, regardless of what the rule was elsewhere.

The commissioners believed that when he left without signing, that he did not want the small job because he did not also get the big one. The commissioners' record shows that the Herkless bid on the Beaver bridge was first accepted, but the word "Accepted" was later scratched out and written after Mr. Kennedy's bid.

Mr. Herkless discovered today, when he consulted the commissioners record, that he was low bidder on three contracts, as well as being with two others on the Norris job. He pointed out that in addition to the Beaver bridge, he was low bidder on the James Smith bridge, his estimate being \$1,110 as compared with \$1,119 of the Burke Construction company of Newcastle, which was given the contract. He also showed that his bid on the Elmer Morris bridge work was \$120, but that the contract was awarded to E. L. Kennedy for \$125.

It was explained at the auditor's office that the James Smith contract went to Burke because he would not take the small contract for the Vern Smith bridge, which was \$549, without it. The two Smith bridges are not far apart. It was also pointed out that the commissioners did not have to award contracts to the low bidder anyway, but that the law gives them the power to use their own discretion and reject any or all bids.

P. M. AND M. E. M. DEGREES

## Prices Smashed

The thing the motorist has been waiting for has happened—Tires have been reduced 15% in price to the consumer. The following is a comparison between some of the old and new prices in order to give you an idea of what this means:

30x3	Goodyear, Non Skid, Fabric was	\$18.50, now	\$15.75
30x3½	Goodyear, Non Skid, Fabric was	\$23.50, now	\$20.00
32x3½	Goodyear, Non Skid, Fabric was	\$27.45, now	\$23.35
31x4	Goodyear, Non Skid, Fabric was	\$36.65, now	\$31.25
32x4	Goodyear, Non Skid, Fabric was	\$37.40, now	\$31.85
33x4	Goodyear, Non Skid, Fabric was	\$39.25, now	\$33.35
34x4	Goodyear, Non Skid, Fabric was	\$40.10, now	\$34.10
30x3½	Goodyear Cord was	\$38.70, now	\$24.55
32x4	Goodyear Cord was	\$52.65, now	\$44.65
34x4	Goodyear Cord was	\$55.50, now	\$47.20

All other sizes reduced in proportion, and like everything else we carry a full line of sizes in stock.

Do not discard your old casings without first letting us inspect them. We may be able to add many more miles to their life with our process of vulcanizing.

Work Guaranteed.

Prices Reasonable.

# MR. & MRS. RUG BUYER

## Of Rushville and Rush County

If you were going to buy a diamond would you want the advice of experts, backed by their reputation and your judgment? Does not the same thing hold good on Rugs and Carpets?

One family in Rushville purchased a Whittall Rug from us four years ago and since that time have returned and purchased three more of the same quality. Another family in Rush County purchased their carpets from us last year and on their recommendation their two nearest neighbors have come to us and purchased rugs and carpets this season. A traveling salesman (who sells a medium priced line of rugs and carpets) purchased an Anglo-Persian Rug here and paid the same price you would be asked to pay us. This man is a rug expert and backed his own judgment when he made this purchase.

### THESE PEOPLE ALL KNOW WHITTALL RUGS

Should this not be evidence enough that if our rugs and carpets are good enough for people who have thoroughly tried them and re-purchased, should they not be good enough for anyone.

## Here Is Further Proof as to the Reasonableness of Our Prices

Following is an exact copy of a portion of an advertisement that appeared in a daily paper published in a city not a great distance from here, May 7, 1919:

"Peerless Brussels Rugs, 9x12 size. The designs are oriental and Chinese effects in charming color combinations—value that is exceptional from the standpoint of beauty and service. These rugs priced each \$62.50."

Our Price on This Same Rug in the Same Size is \$54.00.

"Teprae Wilton Rugs are beautiful in design and color—rich in finish with lustrous sheen—rugs that are recommended for hard service—designs are Chinese, Persian and Japanese patterns. 9x12 size, priced at \$83.50."

Our Price on This Same Rug in the Same Size is \$71.00.

Whittall Rugs Have No Equal For Quality and Beauty.

The afternoon was spent socially and with music on the victrola.

\*\*\*

Mr. and Mrs. W. P. King entertained at their country home near New Salem Sunday, a number of out-of-town guests at a prettily appointed dinner party. Cover were laid for William Pond of Shelbyville, Mr. and Mrs. Bert Pond and son William of Fairland and Earl Pond of Shelbyville, who has just recently returned from overseas. The afternoon was spent socially with music on the victrola.

\*\*\*

The alumni reception for the 1919 graduating class of the Milroy high school was given last night in the school building at that place. The reception rooms, which were arranged in the corridors, were beautifully decorated in purple and orange, the class colors, and with various flowers. Miss Emily Morgan and Miss Mable Morris, former graduates of the school, sang several selections which were greatly appreciated.

Several former graduates of the school recalled the time when they

were graduating and regretted that they could not be graduating this year. J. L. Shauck of Morristown, a former superintendent of the school, gave a short talk telling of the time that he was in charge of the school. His talk was followed by several others and among those speaking were E. B. Thomas and Glen Foster of this city, and W. E. Wagoner, retiring superintendent of the school. Miss Mary Kitchen, class president, responded for the class, which is the largest ever graduated from the school, having eighteen members. This is thought to be the most remarkable class in the state for the eighteen completing the course this year were the original class as freshmen, no one having dropped out and no new members being added. At a late hour refreshments of brick ice cream with 1919 frozen in chocolate, and cake were served. The evening was closed by the assembly singing "America" at the suggestion of Mr. Thomas of this city.

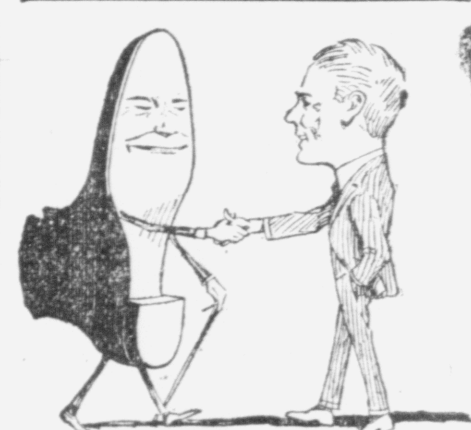

## WILL EXEMPLIFY A DEGREE

Bernice Encampment, I. O. O. F., to Participate in Connersville Meet.

The Bernice Encampment of the I. O. O. F. of this city will be the guests of honor of the Whitewater Encampment of Connersville on Decoration Day. At three-thirty in the afternoon the Bernice encampment will exemplify the Golden Rule and at seven-thirty, in the evening, the Royal Purple degree will be given. A banquet will be served by the Whitwater encampment at six o'clock in the I. O. O. F. building. This meeting has been arranged in order that it will not interfere with the other memorial services.

### ATTEND STATE MEETING.

Paul Allen and George Osborne of this city, were attending the grand lodge meeting of the F. and A. Masons at Indianapolis today. This is the annual session and several good speakers were on the program. Mr. Allen is worshipful master and Mr. Osborne, secretary of Phoenix lodge of this city.

Your shoes are most intimate personal friends—or they are not.

No two sides to a shoe (except inside and outside). Either you love to slip your foot into it at the day's beginning, or you hate the sight of it.

Here in our shop we do everything that skill and experience can suggest to make certain that the shoes you buy are going to be friendly.

## HARRY P. EULER

Tax Service

I am with the R. L. Dollings Co., located in the Cutter Building, over Aldridge's store, where I shall be glad to assist my clients in all Federal Tax matters. Partnership returns must be filed on or before June 15, 1919.

HARRY P. EULER.

Telephone—Office 1637; Res. 1337.

### FAMILY WASHING

Having a Washing Machine in your house does not relieve you of the work, worry and expense of doing this work. The only way to overcome this job is to send it to the Laundry. Just phone us and our wagon will call for your washing and deliver it back to you when finished. This is all you have to do. We will iron all of it, or give you our Rough Dry way of doing it, just as you like. Just use the phone.

**Rushville Laundry** Phone 1342

## RED CROSS CALL NEXT NOVEMBER

Conditions in Foreign Countries are  
Said to be Appalling and Need  
Attention.

CLOSING ITS ACTIVITIES.

Army Being Removed From France  
but aid is Said to be Needed in  
Other Fields

An appeal to the American people for funds to carry on the work of their American Red Cross, will be made next November according to the following statement issued today by Dr. Livingston Farrand, Chairman of the Central Committee, who says:

"Appalling conditions in countries of eastern Europe imposing on American Red Cross obligations additional to those assumed during the period of the world war and continuation of activities in connection with the already outlined domestic program of the American Red Cross make necessary an appeal to the people of America for further funds to carry on work for relief of humanity."

It has been decided to make this appeal in the autumn in a period of two weeks culminating the 11th of November, the anniversary of the signing of the armistice, the season when American people may properly give consideration through contributions to their American Red Cross, of their thankfulness for deliverance from added horrors of war which have fallen upon nations less fortunate.

At present the American Red Cross is bringing to a close its activities in countries in western Europe and with the withdrawal of American troops from the war zone, its work for army abroad will end automatically. Disease, suffering of a most heart-rending character and severe, are calling for relief in other fields.

The new international organization of Red Cross societies is preparing to deal with relief and health problems throughout the world in future years but these are immediate emergencies which require the aid of agencies already established. Foremost among these agencies is the American Red Cross.

At present emergencies are being met with all resources available, but it is apparent that imperative calls for assistance for the next year or more will make additional funds necessary.

It is anticipated that the generosity of the American people will respond to the appeal to the full extent of needs that will present themselves.

### SHIPS HAVE NEW SYSTEM

Tonnage of Merchant Vessels to be  
Reckoned in Gross.

Washington, May 27.—Tonnage of Uncle Sam's merchant ships, hereafter will be reckoned in "gross" tons instead of "deadweight" tons, Chairman Harney of the Shipping Board has decided.

Deadweight tonnage is calculated on the actual weight the ship will carry and is nearly one third larger than gross tonnage.

During the war deadweight tonnage was used to fool the Germans.

### M. M. DEGREE TUESDAY

Work in the M. M. degree will be given at a meeting of Phoenix lodge No. 62, F. & A. Masons, Tuesday evening at 7:30 o'clock. Visiting Masons will be welcome.

### "Spring Fever" and Common Sense

If a man or woman feels heavy, dull, languid, lazy,—lacking in ambition and energy—instead of giving up and saying he has "spring fever" it is more sensible to take a good, wholesome physic. Biliousness, sick headache, sour stomach, gas, bloating, coated tongue, dyspepsia—all are relieved by Foley Cathartic Tablets. B. B. Howard, Unadilla, Ga., writes: "I find Foley Cathartic Tablets give me quicker relief than anything I ever tried. F. B. Johnson.—(Adv.)"

## SAYS KAISER IS AN INNOCENT MAN

Father Von Dreyanda Says the Ger-  
man Upper Classes Are Gaining  
Religion

POOR CLASSES LOSE FAITH

Confessor Kaiser Writes Brief Book  
in Hope That he Will be Put  
Right in World

By FRANK J. TAYLOR,  
(U. P. Staff Correspondent.)

Berlin, Apr. 30.—(By Mail.) The German upper classes are gaining religion while the lower classes are losing faith, according to Father von Dreyanda, who is the confessor of the Kaiser, and will be remembered for his sermons and prayers that the world might be baptised and saved through the German sword.

Father Von Dreyanda says the Kaiser is an innocent, religious and pious man. The minister says he ought to know, because Wilhelm poured out his heart in his confessions. Wilhelm's life was perfect and most sincere, declares his confessor. He has written a brief book in the hopes that it will help put the ex-Kaiser right with the world.

The Berlin Protestant temple is crowded every Sunday that the district near the former royal castle is quiet enough to permit services. The same is true of other churches of all sects where the wealthy or middle class attend services. More of them

are going to church than ever before.

But in the poorer districts the churches have had to close, practically, because nobody will come to them. It is not a matter of expense, since the state supports churches. Father von Dreyanda says it is due to the radical political meetings held everywhere and whenever workmen are not occupied otherwise.

According to Father von Dreyanda the church is having a hard time getting free from the new state. The Kaiser was formerly head of the church in Germany. When he was deposed the churchmen said they needed no earthly head. However, the new republic officials claim they should control the church, since the state supports it.

The state will allow German churches several million marks yearly for fifteen years. At the end of that time the churches plan to be established as self-supporting institutions in Germany.

### MEDICS MEET TODAY.

Columbus, May 27.—Medics of the

fourth congressional district met here today to discuss their work for the next year. The counties represented were Bartholomew, Dearborne, Ohio, Decatur, Jefferson, Ripley, Switzerland and Jackson.

### JOINT MEMORIAL SERVICE

Local Lodges Will Combine In Ceremony on Sunday

The joint memorial services of the Rushville lodges will be held Friday afternoon when Robert A. Brown, of Indianapolis, Grand Keeper of records and seals of the Knights of Pythias, order will deliver an address at the East Hill cemetery. All the local lodges will assemble as is their annual custom and will march to the cemetery headed by the Odd Fellows band. The parade will leave the city for the cemetery promptly at one o'clock in order to be back in time for the Ascension day services of the Knight Templars.

## KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

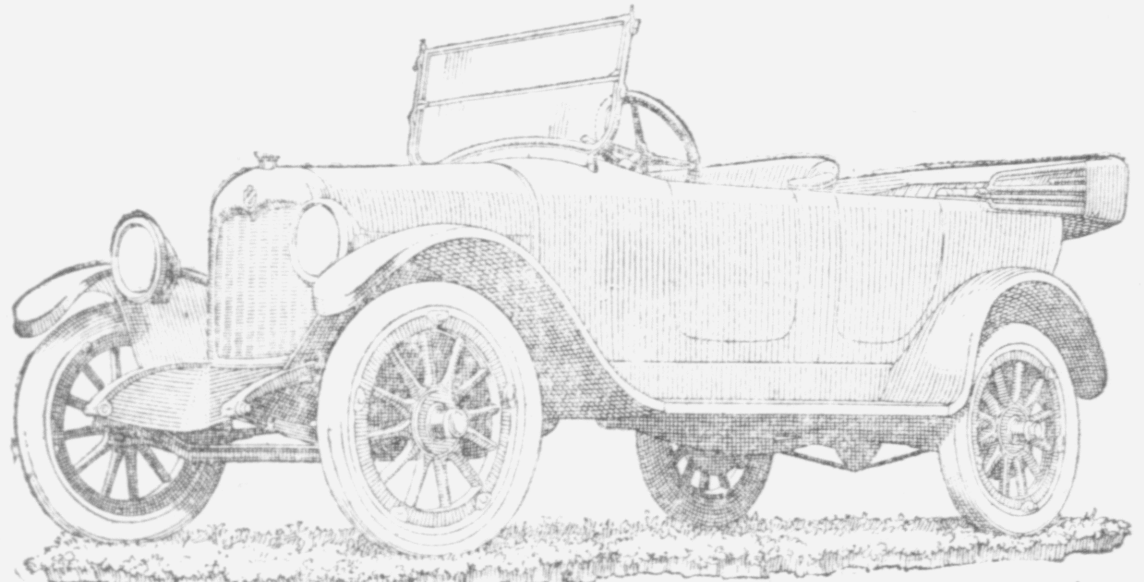

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the govern-

ment of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

More miles per gallon  
More miles on tires

## MOTHERS CONGRESS OPEN

Combined with Parent-teachers Association in Conference

Santa Cruz, Calif., May 27.—The California Congress of Mothers and Parent-Teachers Associations opened a two-day session here today and the delegates will give especial attention to post-bellum, including child workers, etc.

Speakers of national and state importance will participate. A number of entertainment features, including receptions and exercises have been arranged for the delegates.

Emergency funds of \$200 a month have been given by the Red Cross for the use in reconstruction work in 44 base and general hospitals in the United States.

## DON'T LET IT LINGER

A cough that follows la grippe or any other cough that "hangs on" from winter to spring wears down the sufferer, leaving him or her in a weakened state unable to ward off sickness and disease. Jos. Gillard, 148 Fillmore St., Nashville, Tenn., writes: "I was suffering with a dry, hacking cough and a pain in my chest, but since taking Foley's Honey and Tar I have been relieved." It soothes, heals and cures coughs, colds and croup. Good for whooping cough. F. B. Johnson.—(Adv.) 3

## DEAD AMERICAN RULES CONFERENCE

Paris Editor Considers it Impossible to Reconcile Monroe Doctrine With League of Nations

## VIOLATES MONROE'S RULE

Americans Both North and South Have Interests Absolutely Distinct From Those of Europe

By WILLIAM PHILLIP SIMMS  
(U. P. Staff Correspondent.)

Paris, April 25. (By Mail).—Stephen Lausanne, editor of "Le Matin" considers that it will be impossible ever to reconcile the Monroe Doctrine with the idea of a League of Nations. He said in Le Matin: "If things continue to go as they are going now Monroe will finish the biggest figure in the Peace Conference. At present his is the only figure before which everybody bows."

"Who was Monroe?"  
"Monroe was born in a carpenter shop and as time went on, engaged in most all the trades. He was a colonel, lawyer, merchant, judge, ambassador, Secretary of State. Moreover, he did all of them well. In 1817 he became President of the United States."

"About that time a political tempest was blowing strong in the Old World. United under the Name of the 'Holy Alliance,' the European governments talked of nothing less than the establishment of an absolutism, first in Europe, then in America."

"Monroe saw storm-clouds coming his way and called his old friend, Thomas Jefferson, philosopher and friend of the French Philosophers' d'Alembert and Condorcet, to a consultation. Whereupon Jefferson wrote:

"America, both North and South, has interests very distinct from those of Europe and which belong to her alone. It is necessary, therefore, to establish the principles of a system which shall keep these interests separate from those of the Old World. While the latter is trying to make itself the home of despotism our hemisphere is trying to make itself the land of Liberty."

"Monroe found the suggestion good, so on Dec. 2, 1823, in an address, to Congress at Washington, he put the idea into slightly different words. He said:

"Our politics has always consisted, and always should consist, in taking no part in European wars. Also we have always abstained from intervening in the affairs of the colonies or dependencies of European nations and we shall continue so to do. But for those which have won their independence and obtained recognition as states, we can not but consider as an act hostile to the United States any intervention having for object the oppression or control in any manner whatever, of the destinies of these same."

"There is was! It was done! A new doctrine was born."

"Now is this Doctrine of Monroe violated by the League of Nations project?"

"It seems to me monumentally paradoxical and a trifle infantile to pretend the contrary."

"When the Executive Council of the League of Nations fixes 'the reasonable limits of the armament of Peru'; when it shall demand information concerning the naval program of Brazil (Art. 8 of the Covenant); when it shall tell Argentina what shall be the measure of the contribution to the armed forces to protect the signatures of the social Covenant (Art. 16); when it shall demand the immediate registration of the treaty between the United States and Canada at the seat of the League it will control whether it wills or not the destiny of America. And when the American States shall be obliged to take a hand in every war or menace of war in Europe (Art. 11), they will necessarily fall afoul of the fundamental principle laid down by Monroe which was that Americans should never take part in a European war."

"If the League takes in the world, then Europe must mix in the affairs of America: if only Europe is included, then America will violate of necessity her own doctrine by intervening in the affairs of Europe."

## County News

## Coon's Corner

Miss Rath Manley visited Mr. and Mrs. Doyle Emsweller Tuesday and Wednesday.

Ed Clark made a business visit in Rushville, Thursday.

Mrs. Willard Farthing spent Thursday afternoon with Mrs. Frank Moore.

Otis Freeman visited relatives at Laurel, Thursday.

Mr. and Mrs. Doyle Emsweller were the guests of Mr. and Mrs. Oliver Lockwood over the week-end.

Mr. and Mrs. Roscoe Linville motored to Rushville, Saturday.

## CITED FOR BRAVERY

New York, May 27.—The Marine Corps has been cited for bravery by the news department of a New York newspaper.

Orders have gone forth to rewrite men and copy readers that as a distinction for conspicuous bravery, the name of the organization of the devil dogs in the future shall appear in caps (Marine Corps) instead of in lower case (marine corps.)

Trout Creek is on the other side of the Great Salt Lake desert—85 miles from the railroad, 135 miles from the nearest Red Cross chapter—but a Red Cross Home Service worker went to Trout Creek to find out how the mother of a soldier in France was getting along.

## BAD BREATH

DO YOU WANT your friends to avoid you? They will certainly do so when your breath is bad.

There is no excuse for anyone having a bad breath. It is caused by disorders of the stomach which can be corrected by taking Chamberlain's Tablets. Many have been permanently cured of stomach troubles by the use of these tablets after years of suffering. Price 25 cents per bottle.

## Chamberlain's Tablets

30c, 60c, \$1.20

## SPOTLESS

Summer clothes ought to be spotless. Perhaps that is the reason so much of them are easily soiled.

However, there is one great recompense—it costs much less to have them cleaned. Our cleaning department gives fine service in this line. We clean either Ladies' Dresses or Men's Clothing with equal facility and perfectly odorless.

## ODORLESS

XXth Century Cleaners and Pressers

## THOUGHTS and THINGS

The business of living, when boiled down to its clearest essence and all the froth skimmed off, is just a matter of thinking.

Each of us is continually thinking ideas of our own and swapping them for the ideas of others. If there is a famine of outside ideas we shrivel up ourselves. Children with "nobody to play with" are unhappy and unmanageable.

From thinking with our heads to doing with our hands is but a little step and then our thoughts become things.

It is because men of America are so unfettered in their thinking and doing that this country is such a fine place to live in. It is also because these thoughts are freely radiated and spread broadcast, in the distribution of manufactured things and in the distribution of facts about them (advertising) that this country is such a fine place to live in.

The originator of an idea is not much better off than before he originated it till he gets some one else to absorb it and enjoy it and benefit by it.

The man or woman surrounded by better thoughts and things but who pays not the slightest attention to them is not much better off than the one with "nobody to play with."

The advertisements in the papers are thoughts—telling you about the ideas that other men and women have thought out for your happiness. Read the ads. They are the voices from hundreds of thousands of looms, shops, foundries, studios, laboratories, where millions of minds are turning pleasant thoughts into worth while things for your comfort.

Obituaries...33

Frances Conwell Smith, youngest daughter of James and Winifred Conwell was born at Laurel, Franklin County, Ind. March 23, 1838—died Sunday May 18, 1919 at her home in Rushville, aged 81 years, 1 mo. and 25 days.

She was married to Dr. William Haddon Smith, June 29, 1858. Seven children came to bless their home: Henry C. Lewis, Clara B. Anna, Lulu, Will C. and Walter E. Of these Henry and Lewis died in infancy.

Two daughters: Anna Frazee and Lulu Fish; two sons Dr. Will C. Smith and Walter E. Smith; the grandchildren Walter E. Frazee, Mrs. Helm Woodward, Hale Pearsey, Horace Pearsey, Russel C. Fish, Mrs. George Hogsett, Conwell Smith one great grandson, Robert Helm Woodward and one sister, Mrs. Maria C. Thayer survive her. Besides her own children Mrs. Bertha Gray Grishaw of Tipton, Mrs. Laura Gray George of Kokomo, Mrs. Leile Clawson Ray of Connersville, and Miss Dora Winkler and Mrs. Tom Bishop of Rush county made their home with her. Their own mothers gone they found in her a mother and today unite with the surviving family in mourning her departure. Two of her grand children, Lieut. Russell C. Fish and Capt. Hale Pearsey are now overseas.

At the age of eleven she accepted Christ as her Savior uniting with the Methodist Episcopal church and

for seventy years continued to "grow in grace and in the knowledge of her Lord, Jesus Christ" The Bible was indeed to her "Sweeter than honey to my mouth—a lamp unto my feet and light unto my path".

Her father, James Conwell, was one of Indiana's pioneer ministers serving his Lord as an earnest and able herald of the truth.

Highest ideals of Christian character were exemplified in her throughout a long life that influenced for the good all with whom she came in touch. She was a woman of more than usual intellect, being a great reader and a student of current events. She held faithfully to her political as well as religious convictions. She retained an active interest and participated in every phase of life until the end. She was a member of the Happy Go-Lucky and O. N. T. Clubs.

Her children found in her a companion—ready to share in their pleasures and joys. She was truly a woman that never lost her youth.

While our hearts are burdened because of the separation, we do not weep "as thou that has no hope". For we know "it is well with her soul" and that released from the sufferings of this life, she is enjoying glad reunion with those whom had "loved long since but lost awhile in that hour not made with hand, eternal in the Heavens. 64t1

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of Albert O. Aldridge, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 15th day of June, 1919, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship and receive their distributive shares.

Witness, the Clerk of said Court, this 15th day of May, 1919.

GEO. B. MOORE, JR.,  
Clerk Rush Circuit Court.  
A. L. Gary, Attorney.  
May 20-27-June 3.

NOTICE TO CONTRACTORS

Notice is hereby given that the Board of Commissioners of Rush county, State of Indiana, will receive sealed proposals on

Tuesday, July 8th, 1919, for the erection and construction of a County Infirmary according to the plans and specifications now on file in the auditor's office of said county.

All bids must be accompanied by bond as required by law.

The Board reserves the right to reject any and all bids.

Witness my hand and the seal of the Board of Commissioners, this 27th day of May, 1919.

WILLIAM H. McMILLIN,  
Auditor Rush County, Ind.

HOOSIERS URGED TO EXTERMINATE RATS

Subject Should Receive Attention of All, State Officials Declare —This is Rat Day

POSSIBLE TO SAVE \$4,000,000

Indianapolis, May 27.—Swat the rat; or

Shoot the rat; or

Trap, poison and prevent rats; or

Do anything to exterminate them and save the state \$4,000,000 annually. This was the advice sent to Hoosiers today by the state board of health and urged by Governor Goodrich in a proclamation, which set aside this day for rat slaughter.

"Starve him" the board of health says, "by keeping grain, vegetables and all foods in cement or metal bins, metal boxes or euphoards. Keep garbage in covered metal garbage cans.

"Abolish all breeding places and rat proof your house and all out-buildings with cement and wire screens."

Governor Goodrich said: "The menace of health and the great loss of property by the unrestrained activities of the common rat and other rodents have become so serious that the subject should receive attention at the hands of all citizens of the state."

A Kiss Amiss

He asked if her hand he might kiss. She paused in reflection and said, "I cannot consent, sir, to this, for kissing may go to the head."

Washington, May 27.—The starch mill explosion at Cedar Rapids, Iowa, in which a score of lives and \$3,000,000 worth of property were lost according to early press reports and which possibly could have been due to a dust explosion, is to be investigated immediately by chemical engineers of the United States department of agriculture, who are working to devise appliances and methods for the prevention of disasters in mills where any kind of plant dust is present.

## ARMY WORM INVADES TEXAS; FEAR SPREADS

Gets Its Name From Fact That it Moves in Immense Hordes Leaving Trail of Destruction

### FAVORED BY COOL WEATHER

Washington, May 27.—The army-worm—which gets its name from the fact that it moves in immense hordes, leaving a trail of destruction—has appeared in large numbers in the general vicinity of Ft. Worth and Dallas, Texas. It is busily engaged in destroying the wheat and oats crop in that State, according to reports to the United States Department of Agriculture. Prevailing damp, cool weather favors the development of the army worm and makes likely an invasion of large proportions within the next four to six weeks in many States east of the Rocky Mountains.

The Department of Agriculture urges all farmers in the threatened regions to watch for the pest in its younger stages and be ready with control measures. Meadows, particularly those planted to millet, timothy, and blue grass should be frequently examined during the spring and early summer. If small infestations are discovered the grass or grain should be mowed off and straw should be scattered over the spot and burned, thus destroying worms. If the insects have become distributed over a large area it should be marked off by stakes and the crops should be sprayed heavily with a mixture of Paris green at the rate of one pound to 50 gallons of water. This solution should not be applied to corn or it will burn it. Instead, two pound of arsenate of lead powder with these poisons should not be fed to live stock.

When the caterpillars are on the march or are starting in on one corner of a field of grain, they may be headed off by plowing a deep furrow directly in their path. Then the insects that have fallen into the furrow may be killed by dragging a log through it.

The Goddess of Liberty was created by the French convention in 1793 and was enthroned by a public ceremonial.

## GRAND LODGE OPENS 98TH ANNUAL MEETING

More Than One Thousand Masons  
Are in Indianapolis Today to Attend Meeting.

TOTAL MEMBERSHIP 90,000

(By United Press)

Indianapolis, May 27.—The Grand Lodge of Indiana, Free and Accepted Masons, opened its ninety-eighth annual meeting in the Masonic Temple here today. The date of adjournment was not set, the meeting to disband when its business is transacted.

More than one thousand delegates were here to attend the meeting, representing the majority of the 562 Blue Lodges of the state.

Thomas B. Bohon, grand master of Indiana, opened the meeting at nine o'clock and the first hour was devoted to a patriotic program.

Tomorrow morning, the delegates will board a special train for Franklin to visit the Indiana Masonic home, said to be one of the greatest undertakings ever made by the Masons.

Unprecedented prosperity has visited the Masonic lodges during the last year, the total membership now being upwards of 90,000 with a gain of 20,000 registered.

## CANNING EXPERTS GO TO FRANCE TO TEACH

Carry Message of Home Preservation to Country Which Does No Canning

### A COOPERATIVE ENTERPRISE

Washington, May 27.—When the Rochambeau steamed out of New York harbor today, bound for France, it had on board four canning and drying missionaries to the French. They are missionaries in that they will carry the message of home preservation of food to a country which now does practically no canning at home. There it is a job for factories.

It is a cooperative enterprise, the parties to it being the American Commission for Devastated France, the French Ministry of Agriculture and the U. S. Department of Agriculture. The party was made up following a cabled request from the French Minister of Agriculture, through the French High Commission, to Secretary of Agriculture Houston, requesting the loan of some home demonstration workers who were experts in canning. Two home demonstration agents in the French regions of Louisiana were selected for the job. They were notified Saturday, and started for Washington Monday. They are Miss Erin Dore of Crowley, Acadia Parish, and Miss Caroline A. Boudreaux of Scott, Lafayette Parish. With them goes Mrs. Bernice Carter Davis, formerly State Home Demonstration agent for Texas, and Dr. Frantz P. Lund, canning and drying expert in the Office of Extension Work South, Department of Agriculture.

own plants, as he can buy them from a seedman or plant grower to better advantage. The plants should be spaced fifteen to eighteen inches apart in the row, and about a pint of water should be poured into the hole around the roots of each plant before filling in the earth. This will give the plant a quick start and insure its growing.

If possible, the plants should be set at a time when the soil contains considerable moisture. One hundred plants or 125 feet of row is considered the smallest planting of sweet potatoes that should be made, and even a larger planting is desirable in order to furnish a supply for the ordinary family. —United States Department of Agriculture.

Columbia university has added a new course dealing with the remedial power of music.

## NC 4 STARTS FOR MAINLAND TODAY

Seaplane Jumps Off at Ponta Delgada at 6:18 New York Time, For Flight to Lisbon

CROWDS CHEER; GUNS BOOM

Weather Conditions Are Excellent, According to Reports From Destroyer Stations

(By United Press.)

Washington, May 27.—Flying through the air at a speed of approximately 80 miles an hour, Commander Read of the NC-4 passed station ship No. 8 at 11:15 o'clock, Washington time, this morning.

This news flashed to the navy department revealed that the NC-4 has passed the half way mark on its journey from Ponta Delgada to Lisbon after four hours and fifty-eight minutes.

The leg to the continent is being flown with the same crew as that which started from America.

In anticipation of the successful culmination of their pioneer adventure, congress is already prepared to reward the men. Representative Britten, Illinois, member of the navy committee, would award them the congressional medal for distinguished service.

Chairman Hicks of the special aviation committee of the house naval committee, also advocates some memorial.

To insure the safety of the NC-4, the navy department has distributed fourteen destroyers along the route from Ponta Delgada to Lisbon, ranging in distance of approximately 50 miles apart.

Naval officials here figure that the NC-4, if she continues the present rate of speed, will reach the continent destination at 4:15 p. m., Washington time, this afternoon.

Ponta Delgada, Azores, May 27.—The Navy Curtiss 4 took the air, bound for Lisbon, at 10:20 a. m., Greenwich time, (6:20 New York time) today.

Lieut. Commander Read and her original crew were in the great seaplane when she began the final leg of her flight to the European mainland. From Lisbon she will fly to Plymouth, England.

A tremendous cheer went up from the crowd on the shore when the NC-4 left the water.

Guns boomed and bells were rung in the little Portuguese town.

The NC-4 headed eastward at once and had passed from sight four minutes later.

Weather conditions were excellent and reports from destroyer stations between Ponta Delgada and Lisbon indicated the conditions were perfect all along the route.

The start was made after Read and his men had carefully overhauled the engine for more than an hour.

As the NC-4 passed the first destroyer station to the east of Ponta Delgada, Lt. Com. Read sent a radio to Admiral Jackson at Ponta Delgada, thanking him for the hospitality to the American flyers.

On successful flight by the United States naval seaplane NC-4 from Ponta Delgada to Lisbon today depended the completion of the trans-Atlantic flight started from Trepassey, N. F., May 16, this seaplane being the only survivor of the three that essayed the trip.

The United States naval seaplanes NC-1, NC-3 and NC-4 started from Rockaway Point, N. Y., May 8 on the preliminary leg of their flight across the Atlantic. The NC-1 and NC-3 made a continuous flight to Halifax reaching there in safety. The NC-4 however, encountered engine trouble and was forced to alight on the sea off Chatham, Mass.

## SOVIETS ARE OVERTHROWN

Chinese, Letts and Finnish Reds Reported Holding Petrograd.

(By United Press.)

London, May 27.—A new agency dispatch reported today that Chinese, Letts and Finnish Reds hold Petrograd and had overthrown the Soviet government.

A heavy bombardment from the sea was reported, apparently directed at Petrograd and another point twenty-one miles west of that city.

## HOME SERVICE FUND \$452 SHORT OF GOAL

Gain of More Than \$1,000 is Made Over Yesterday's Total, According to Elks Committee

ADDITIONAL FROM RUSHVILLE

The Salvation Army Home Service fund was just \$452.60 short of the goal today. With the county quota \$3,000, the Elks committee in charge of the campaign have \$2,547.40 in cash and pledges.

This is a gain of more than a thousand dollars over yesterday's report, which showed \$1,499.55. The gains came from Washington and Anderson townships, which have raised their quota, some additional from Richland and Rushville, which has passed its quota, and a small amount from Orange.

Rushville township's subscriptions now amount to \$1,431.55, which represents a gain of \$450.85 over yesterday. Included in this sum is a donation of \$25 from the War Mothers and \$102 which the Tri Kappa realized off the sale of doughnuts last Wednesday. Anderson, with a quota of \$350, and Washington with a quota of \$200, were reported over the top. Orange township sent in \$43 and Richland \$4 additional.

## DELINQUENTS HERE OWE \$190 DOG TAXES

Names Are Turned Over to Prosecutor Who Will Collect Fine For Failure to Pay

WHAT THE STATUTE PROVIDES

Owners of dogs in Rushville townships, owing dog taxes in the combined sum of \$190, will have to pay a fine in addition to their tax, for having failed to pay their tax to the assessor in the required time. Their names have been turned over to the prosecutor, who will collect the fines and the taxes, in accordance with the law. Persons who fail to pay dog taxes are not only liable on that score, but are likewise subject to a fine for perjury for failing to notify the assessor that they owned a dog.

Delinquents who are daily paying their dog taxes to the township trustee, are reporting their neighbors who neglected to report to the assessor that they owned a dog. They can save themselves a fine if they visit the trustee, J. V. Young, at once, providing their names have not been reported to him and turned over to the prosecutor.

The trustee has no authority to dispose of dogs. Neither can persons who own dogs escape the tax by disposing of their dogs now because the tax is for the year past.

REAFFIRM ELECTION

Washington, May 27.—By a vote of 38 to 8, senate republicans in caucus today reaffirmed the election of Senator Penrose as chairman of the finance committee. The caucus was public.

## INFIRMARY TO BE IN FORM OF CROSS

Outside Measurements of Building to be Erected by County Will be 130x135 Feet

WILL BE TWO STORIES HIGH

Structure Will be of Brick, With Stone Trimming, and Will Have a Tile Roof

McGuire and Shook, the firm of architects in Indianapolis which was commissioned by the Rush county board of commissioners to draw plans for the proposed county infirmary to be erected on the site of the old one east of the city, have announced a general outline of the building, the contract for which will be awarded July 8, by which time it is expected the state board of tax commissioners will approve the bond issue of \$85,000 to pay the cost of construction.

The term of the issue and the interest rate have not been decided, but will be shortly. The county council has been called for July 8 to authorize the bond issue.

According to the announcement by the architects, the outside measurements of the building will be 130 by 135 feet. The building is to be laid out in the form of a cross. The west wing will be devoted to the care of men inmates, while the east side of the building will house and care for the women.

The building is to be two stories and basement and will be of brick and stone trimmings with tile roof. The superintendent of the institution according to the plans, will have a model home on the first floor of the building, consisting of three bedrooms, dining room, kitchen and bathroom. Also on the first floor there will be some inmates rooms, two dining rooms, one for men and one for women, a spacious kitchen, toilets and baths. In the rear of the building will be a custodial wing where space will be given over to detention cases to be cared for. Also in this wing there will be a large laundry.

The remainder of the individual rooms for inmates will be on the second floor as will be wardrooms for men and women. The hospital section with complete modern operating room will also be located on the second floor.

## FAVORS ABANDONING BIG NAVAL PROGRAM

Secretary Daniels Recommend Congress Not Follow His Advice of Last December

SHOWS FAITH IN THE LEAGUE

(By United Press.)

Washington, May 28.—Abandonment of the big naval program was recommended to the house naval affairs committee today by Secretary of the Navy, Daniels. The United States would show its faith in the league of nations covenant by elimination of the program submitted to the last congress, which would make the American navy second to none.

Daniels said he had assurances from Lloyd George and other allied statesmen of their planning to follow the lead of the United States and "that it was a wiser policy not to enter any large construction program until the league of nations meets."

The secretary's statement today was a direct reversal of his recommendations last December.

"America has only two courses," Daniels said, "either to build the biggest navy in the world or have the league of nations."

## ADMISSION TO THE LEAGUE DEMANDED

German Counter Proposals Agree to Restoration of French Territory, Scheidemann Says

TO RESPECT BELGIAN DEMAND

Declare Germany is Ready for Complete Disarmament—Austrians To Get Terms Friday

(By United Press.)

Paris, May 27.—The peace terms will be submitted to the Austrian delegates at a formal session at St. Germaine Friday noon, it was officially stated today.

Berlin, May 27.—Chancellor Scheidemann informed the United Press today that Germany's counter proposals to the peace terms will demand immediate admission of Germany to the league of nations.

The counter proposals, the chancellor said, placed the needs of France foremost, agreed to restoration of destroyed French territory and full reparation for ruined coal mines.

Germany also agreed to respect Belgium's demand, Scheidemann declared.

They also accept the number of 100,000 for the German army and declare Germany is ready for complete disarmament, providing the other nations agreed to do likewise.

Germany's demand for admission to the league of nations is based on President Wilson's fourteen points, said Scheidemann.

Germany's terms will be handed to the allies some time this week.

The Big Four today continued discussion of the Austrian peace treaty, including the final section. The treaty, it was learned, still has many incomplete provisions. Because of this and because it is necessary to devote much time to consideration of the German delegates note, it is believed likely that the treaty can be handed to the Austrians before the end of this week and that action may possibly be deferred until next week.

The recommendation of the economic council to maintain the blockade against Hungary until a regular government, based on a free and popular mandate, has been ratified by the council of four. Consideration of the conditions of which the Bulgarians must submit has been given by the council.

Paris has been filled with rumors concerning the recognition of Admiral Kolchak's government. Several Paris newspapers have announced that the council of four had decided to recognize this government under certain conditions. This could not be confirmed in conference circles, although serious discussion of the subject was frankly admitted.

The majority of the council of four, possibly all the members, as well as the Japanese, have apparently agreed on recognition if proper guarantees are given of the thoroughly democratic character of the government.

The American delegation, however, declined to confirm the report that a final decision had been reached, and the Russian commission, headed by Prince Lvoff, was not advised of any formal proposal to the Omsk government, with which it co-operates.

The French foreign office has declined to give confirmation. Positive action, nevertheless, appears imminent, and the opinion prevails among the peace delegates that Admiral Kolchak will get the support of the five great powers if he gives assurances of his purpose to grant to the Russians an opportunity to determine the nature of their government by popular vote.

## RECEIVE WORD SON LANDED

Mr. and Mrs. Joe Vandament Get Message From Lieut. Vandament.

Mr. and Mrs. Joe Vandament, living north of this city, have received word from their son, First Lieutenant Walter T. Vandament, that he has landed in New York after more than a year overseas. The message stated that he thought he would be transferred to Chicago and from there he was planning to make his parents a visit while on leave of absence.

## WILL BE HERE DESPITE INJURIES HE SUFFERED

H. A. Winterrowd, Grand Master of I. O. O. F., Sustained Fractured Shoulder at Noblesville

TO ADDRESS CENTENARY MEET

H. A. Winterrowd, grand master of the Indiana I. O. O. F., will be here for the Centennial celebration of Franklin Lodge of Odd Fellows Thursday, despite the fact that he sustained a fractured shoulder in an interurban accident at Noblesville, Ind., Saturday night, according to a letter received from him this morning by J. T. Arbuckle.

Local Odd Fellows feared, after reading of the mishap at Noblesville when an interurban car ran wild and killed one person and injured fifteen, that Mr. Winterrowd would be unable to attend as he was listed among the injured. However, in response to a letter from Mr. Arbuckle, written last Saturday before the accident, Mr. Winterrowd answered that he would come regardless of his injuries.

He will arrive about three o'clock in time for the reception in his honor from 3:30 to 5:30 in the afternoon. Mr. Winterrowd will also speak at a public meeting in the hall following the conferring of the degree of Truth on the Centennial class, in the evening.

## TO ENTER LONDON AS CONQUERING HEROES

Harry Hawker and Commander Grievs Cheered Today on The Way to The Metropolis

CROWDS LINE THE STREETS

(By United Press.)

London, May 27.—Harry Hawker and Commander Grievs will proceed toward London cheered all along the line like conquering heroes.

When the aviators, who fell into the sea while attempting to fly from Newfoundland to Ireland, arrive in London tonight, they will be assured of a reception probably the equal of that ever accorded national heroes entering the metropolis.

From Thurso, Scotland, where they were landed by a British warship, there were cheering crowds at all the Highland stations. At Inverness they were greeted by Provost MacDonald.

"This welcome is most embarrassing," replied Hawker. "The risk was not so great as people thought. It was a perfectly straightforward attempt to fly over, not a do-or-die enterprise."

After having been entertained at dinner by the provost, Hawker appeared on the balcony of the hotel and thanked the crowd, which blocked the streets, calling for him.

FAVORS TAX REPEAL

Washington, May 27.—The house ways and means committee today ordered favorable report on the resolution repealing the so-called luxury tax.

## HOPES FOR STATE AID HERE BLASTED

Program of Highway Commission Indicates no Help May be Expected in Rush County.

INFLUENCED BOARD'S ACTION

Main Reason For Holding Up County Unit Petitions Was Condition of Bond Market.

All hope of Rush county receiving any help from the state highway commission in the construction of permanent roads this year, has been blasted with the announcement of the state commission's program for the year. Many have been urging that the county, commissioners withhold action on the petitions for cement highways under the county unit law because of the chance that the county might order the improvement of a road that the state commission would build.

However, there seems to be no road in Rush county that is worthy the consideration of the state commission at this time. The only hope of the good road boosters here was that the commission might designate a north and south road connecting Rushville with the National road, but even that is not in this year's plans, and many are of the opinion that it will be many years before Rush county can hope to get a road permanently improved by the state road body.

Although the idea that the state commission might build a road here had some bearing on the decision of the commissioners recently to postpone action on several petitions for cement roads, the main reason for not approving any of the petitions, is said to be due to the fact that there is no market for road bonds at this time. Only two of five issues offered for sale recently were bid on, and they were taken because persons living on the roads were anxious to see them built and made a special effort to have the bonds sold. Those issues will not be actually sold until the state board will O. K. them because the proceedings have gone too far. The board prefers that they be given an opportunity to pass on a proposed bond issue before the bonds are actually issued.

The only way the other three issues which were offered for sale recently, can be sold at this time, is for persons who will be benefited by the roads to raise enough money to pay the difference between par and the amount for which the bonds will be sold.

## FINED \$5 AFTER HE COLLIDED WITH TREE

Earl Miller is Arraigned For Speeding as Outgrowth of Accident Here Saturday Night

CYRUS GREEN IS ALSO FINED

Earl Miller, living south of this city, was fined \$5 and costs late yesterday afternoon in city court, when he pleaded guilty to a charge of speeding. The charge was the outgrowth of an accident late Saturday night when Mr. Miller collided with a tree while making the turn into Second street from Buena Vista Avenue. Mr. Miller's machine was badly damaged.

Cyrus Green of near Gwynneville was also fined one dollar and costs for operating a machine with a license number otherwise than that required by the law. Mr. Green stated that he bought the machine in Indianapolis and thought it was legal that he run the car on the license furnished by the sales house and was not aware of the fact that he was violating the law. He is the son of Dr. John Green of Manilla.

## SUIT OVER POLICY IS READY FOR JURY

Case of James F. Webb Against Reserve Loan Life Insurance Co. on Trial in Circuit Court.

SENT HERE FROM GREENFIELD

The case of James F. Webb of Hancock county against the Reserve Loan Life Insurance company, to recover \$823.83 on an insurance policy, which was sent here on a change of venue from the circuit court at Greenfield, was expected to reach the jury about three o'clock this afternoon. After the noon intermission, there was still an hour and a half of argument before the judge delivered his instructions.

The plaintiff alleges the sum of \$623.83, together with an accumulated surplus of \$200, is due him on a policy of the defendant company, which was written November 20, 1904, and matured at the end of thirteen years. The defense is that Webb signed a note against the policy for \$500 and the company wishes to deduct that in the settlement. Webb says he has no recollection of signing the note.

The jury hearing the case, which began yesterday, is composed of the following men: J. N. Stevens, L. A. Ward, Charles Owens, A. W. Newsom, Charles French, Floyd Kinnelt, Bert Colhee, Ora Chance, George W. Thomas, Dan Kiplinger, W. A. Caldwell and E. E. Polk.

## HOG PRICES LOWER IN INDIANAPOLIS

Hog prices declined in Indianapolis today with receipts one thousand and greater than yesterday. Corn was strong and prices went up a half to one cent. Oats held firm and hay prices advanced \$1.50 a ton. Cattle were slow and weak.

## NC-4 STARTS FOR MAINLAND TODAY

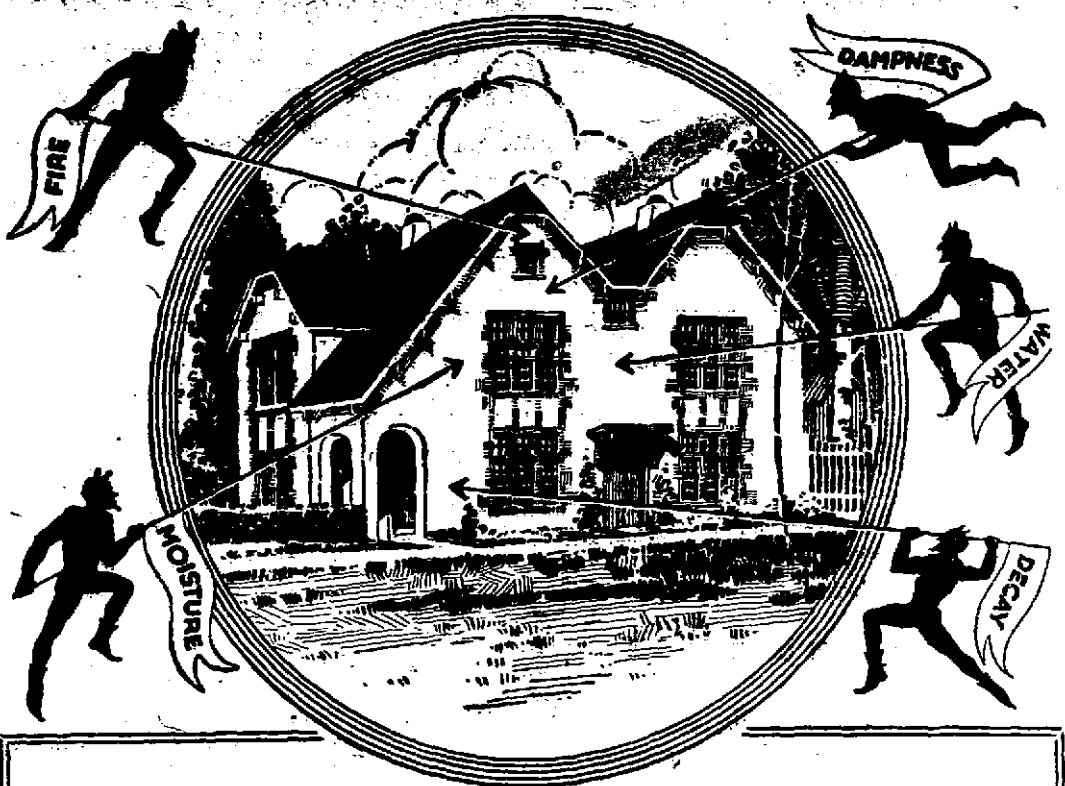

Continued from Page One  
It was towed into the harbor and parts were rushed there and the machine was put in shape to continue its voyage.

On May 14 the NC-4 left Chatham and arrived at Halifax safely. The next day it continued its flight to Trepassy, Newfoundland, where it joined the NC-1 and NC-3, which had reached Trepassy May 10.

The three seaplanes left Trepassy, May 16 on their trip to the Azores and the NC-4 arrived at Horta, in the Azores the next day, having been in the air thirteen hours. The NC-1 lost her way in a fog and her crew was picked up by a Greek steamer and taken to the Azores, the plane being lost. The NC-3, after losing her bearings, alighted on the sea, from which the craft, in the command of Commander Towers, was unable to arise.

After being missing fifty-two hours the NC-3 entered the harbor of Ponta Delgada, Azores, under her own power. She was so badly battered by the seas she encountered, however, that she was retired from the contest, leaving the NC-4 the sole survivor of the trio.

The naval officer in charge of the NC-4 is Lieutenant-Commander Albert Cushing Read, who is accompanied by five companions. From Ponta Delgada to Lisbon is approximately 786 miles.

## A Kellastone Home Defies the Weather Elements

Watch out for destructive weather elements when you build. Heed the warning of the experienced contractors and architects and choose a building material that will not fall prey to the ravages of rain, snow, heat and cold.

After all, the real satisfaction of owning a home is knowing that it represents a sound investment. Remember that security in building is measured by the strength and permanency of the exterior walls. As evidence of this, we point to the thousands of buildings which stand as a lasting tribute to

**KELLASTONE**  
IMPERISHABLE STUCCO

Time exacts no toll of deterioration when you build with KELLASTONE. Here is a material which affords a life-time of security from the evils of wear and weather. It is immune to fire, frost, heat and cold. No need of frequent painting or constant repairing. No high premiums for insurance—no excessive fuel bills. The first cost is the last cost.

KELLASTONE is a scientifically balanced composition that doesn't contain a particle of lime, gypsum or Portland cement. It does not crack like ordinary stucco; sets up in a hard stone-like mass, and regardless of atmospheric conditions, it remains clear and brilliant. Learn all about this twentieth century stucco—send for free booklet — "The Story of KELLASTONE."

Sample of this work in progress at the Ford Bldg. (Windsor Hotel) and may be inspected by the public.

## SUFFRAGE VOTE IN SENATE BLOCKED

Senator Watson Attempts to Bring Resolution to Floor After Receiving Appointment

### A DEMOCRATIC FILIBUSTER

Chairman of Committee Expects Measure to be Passed by Senate Within a Week

Washington, May 27.—Senator Watson, within an hour after his selection as chairman of the senate suffrage committee, entered a fight on the floor of the senate yesterday afternoon to bring the suffrage federal amendment resolution to a vote immediately.

However, a filibuster begun by southern democratic senators opposed to suffrage blocked a vote for the present. The Indiana senator was content for the Democrats to take the responsibility for delay. The anti-suffrage crowd was led by Senator Hoke Smith of Georgia.

Senator Watson expressed the belief later that the suffrage amendment will be brought to a vote within a week and that it will pass in the senate by a margin of two or three votes. It was the senate which blocked passage at the last session. The present house passed the suffrage resolution last week, so that when it is accepted by the senate it will pass to the state legislatures for adoption or rejection.

"I expect the suffrage resolution to be passed in the senate within a week," said Senator Watson confidently.

Senator Watson was chosen chairman of the suffrage committee at a republican caucus held an hour before the convening of the senate. As soon as the senate session opened he called up a previous motion of Senator Jones, republican, of Washington, proposing that the committee be discharged from further consideration of the resolution and that it be placed on the senate calendar and then called up for a

vote. Southern democrats then resorted to parliamentary tactics to delay a vote. Senator Watson is himself pretty handy as a floor leader and a parliamentarian, but this time he was content for the democrats to place themselves in the position of suffrage opponents. He will call up the resolution for a vote at the first opportunity within the next few days.

While Watson heads the suffrage committee, Senator New becomes chairman of the committee on territories.

### DAYS PICKINGS

Mrs. William Plessinger was operated on at Sexton's hospital this morning for appendicitis.

Born to the wife of Albert Capp

Sunday, a nine-pound baby boy. The child has been named Frederick James.

Robert Holt of this city has sold his sorghum plant in Jackson township to W. C. Duncan of Greenfield. Mr. Duncan will move the plant to Cumberland, where he will operate it.

The Rebekahs have postponed their supper for the local order of Old Fellows from Wednesday night until Thursday night. The public is invited to this supper. A fee of fifty cents will be charged.

Russell Bobout of North Maple street who has been seriously ill for several days is reported to be improving at present. Mr. Bobout is suffering from blood poison which is the result of being bitten by a horse some time ago.

**War Stamps a Good Buy**

Now that the Liberty Loan campaigns are ended and some attention is being paid to War Savings Stamps, the country is beginning to realize that the War Savings Stamp is a good buy. It is, in fact, a better buy than the Liberty Bond. There are two reasons why. In the first place, the War Savings Stamp pays four percent compounded quarterly, in case it is held five years until maturity. In the second place, the War Savings Stamp, unlike the Liberty Bond, never falls below par. On the contrary, it is always worth more than par, paying the holder three percent over his investment from month to month. The stamp buyer, therefore, gets a better rate of interest and stands to gain instead of lose if he has to sell his stamps. These two facts will be emphasized more sharply in a short time when the Treasury Department puts out the new One Hundred dollar and One Thousand dollar stamp. The One Hundred dollar stamp, for instance, will sell at \$83.40 in June. It will increase in value at the rate of \$7 per month, and be worth \$100 on January 1, 1924. This will make an investment that is hard to beat.

**Extending the Red Cross**

Future plans of the League of Red Cross Societies, were announced by Henry P. Davison, Chairman of Governors, at a dinner given to the Board in Paris by Henry Morganthau, of New York, formerly ambassador to Turkey. In his announcement according to information received today at Red Cross headquarters, Mr. Davison

said invitations to become members of the League have been extended to the Red Cross societies of the following countries. Argentina, Australia, Denmark, Greece, Holland, India, New Zealand, Norway, Peru, Portugal, Roumania, Serbia, South Africa, Spain, Sweden, Switzerland, Uruguay, and Venezuela. Representatives of these countries who were present at dinner, received formal invitations on behalf of their national Red Cross organizations.

Improvement in health prevention of diseases and mitigation of suffering everywhere through the medium of Red Cross organizations are the purposes of the new League.

**What 50 Years Did to the Farm**

If we compare life upon the farm now to what it was fifty years ago we shall find a wonderful increase in its convenience and comfort to the farmer.

Improvements in farming machinery have made the work somewhat less strenuous, and improved methods of farming enable better results to be produced with less effort.

But the greatest amelioration in conditions comes from the rural free delivery, the telephone and the automobile.

These have put an end to the farmer's isolation. He is now a member of the community, and a prominent one. Whatever the weather conditions, news of the world comes to him regularly, and he is in immediate touch with neighbors and friends.

**Man Had Miraculous Escape**

"I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of Mayor's Wonderful Remedy. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Druggists Everywhere.—(Adv.)

**Sap and Salt**

By BERT MOSES.

Things done by force are always done wrong.

Onions and love should not be mentioned in the same breath.

Tell others your joys, but keep the sad story of your life to yourself.

Hez Heek says: "Getting married is a blamed sight easier than being married."

There are just as many people who know a thing is so as there are people who know it isn't so.

Booze is beaten; tobacco comes next, and then the reformers will go after peanuts and chewing gum.

The way to win is to be a winner, just as the way to sin is to be a sinner. Sinning and winning are simply matters of centering upon the proposition.

Several of President Wilson's fourteen points seem to have been lost in the scramble. And now Germany is calling for them.

**HOPES FOR STATE AID HERE BLASTED**

Continued from Page One

This was done in the case of one of the issues, which a bonding house has agreed to buy as soon as the tax commissioners approve it.

With the government popular war bond campaigns at an end there is said to be some prospect of the road bond market improving. In fact it does show improvement, there is believed to be a chance of getting through an extension of the Weir road, which will be built in Noble township this summer, to the county line. It is stated that the two road next favored are those running east to Glenwood and west to the Shelby county line.

The following are the highways marked for improvement by the state commission as soon as plans and specifications can be prepared:

National road, from Terre Haute, to a point five miles east of Stilesville: 31.7 miles of improvement.

Lincoln highway, in Elkhart county: two stretches, totaling ten miles, which completes the improvement of the Lincoln highway between South Bend and Lagomer.

The road between Indianapolis and Greenwood, approximately ten miles.

The range line road north of Indianapolis for seven miles.

National road, west of Indianapolis to the Marion county line, six miles.

Michigan highway, in Marshall county, for 8.7 miles north of Plymouth.

Niles road for 4.7 miles north of South Bend.

National road in Wayne county for one and one-half miles east of Cambridge City.

The French Lick road in Warrick

and Spencer counties through Boonville, fifteen miles, part of which is east and part of which is west of Boonville.

This makes a total of ninety-four and six-tenths miles the commission has marked for improvement this year. Some time ago it was announced informally that the commission likely would be unable to have completed much more than 100 miles of road this year.

**DECLARES REVIVAL FIRE IS BURNING**

Capt. J. A. Tench Says Spiritual Interest is Being Taken in Salvation Army Meetings.

**POINTS EMPHASIZED BY HIM**

"Spiritual Reconstruction" is the subject to be used by the speaker, Capt. J. A. Tench tonight at the Salvation Army Hall.

The revival fire is burning and conviction is resting upon the people, Capt. Tench reports. Those not attending these meetings are missing a real spiritual treat, he says.

A few things he emphasized last night were: "No hydraulic power, nothing but the river of Christ's blood, can lift the weight of sin." "There is no use of asking God for more power, until you get busy and use the power God has given you. Get sin out of your life and your neighbor will feel the power of your prayer."

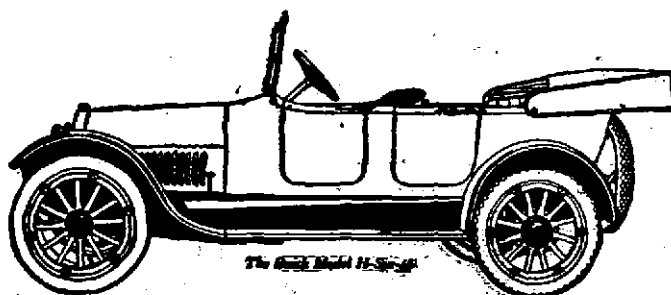

**HELD FOR MATCHING PENNIES**

Columbus, Ind., May 27.—Orville Brooks, 25 years old; John Brooks, 22; John Thompson 17 and Joseph Sidener, 18, were arrested here Monday charged with gaming. The specific charge against the accused is that of matching pennies.

**"I Want the Swellest Range"**

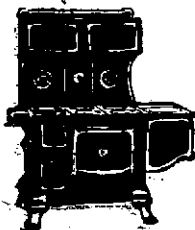

"I want the swellest range in the state, and I want it quick," said a man. He had postponed this purchase as long as he could—so long that he was now ashamed and to make up for all he determined to buy the "swellest," as he put it.

Here is what he bought.

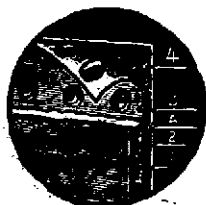

He didn't give it a thought. It was fussy—full of frills and foolish ornaments—and he

bought it. Had it been a piece of machinery he would have read up on it, but he didn't have to use it—nor see it all day—nor clean it.

If he had allowed his wife to select the range, she would have passed up such freaks and selected the Copper-Clad, because of its simple beauty.

She knows, too, how ranges rust from the inside. She

knows that the sheet of pure copper between the asbestos and range body doubles and trebles the life of a range.

This is the first of a series of stories about the Copper-Clad range. We want everyone—men, women and children—to know all about the Copper-Clad, and if you read these articles from week to week you will know exactly what Copper-Clad means. You will know what sweaty asbestos does to a range.

## Janesville

### Two-Row Cultivator

**WHEN** you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do *all that work*. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

**C. H. (Nick) TOMPKINS**

### Amusements

#### Pictures and Vaudeville

"The Bogus Modiste" is the offering at the Mystic theatre tonight by Lew Green and his company of Musical girls in connection with the photoplay, "The Love That Dares," with Thomas Santchi in the starring role.

No man knows the business more thoroughly than does Mr. Santchi—for not only is he a sterling actor with a fine record on the speaking stage behind him, but he is a motion picture director as well. This is a combination of talents and experience of immense value to a man. In whichever capacity he may be serving the public, his experience in the other capacity must tend to his advantage.

Tom, as his friends call him, had his first job in the theatre with the Bailey sisters, singing illustrated songs. These girls heard Tom sing on an amateur night, and they gave him a job at \$8 a week.

In 1907 Tom was in Chicago and a picture company there wanted a leading man who could ride, swim and stand punishment. When Tom heard this he rushed to the office and announced his exceptional ability in all three directions. He got the job.

At present Tom is making Hollywood, Cal., his home. He admits he has two hobbies. One is collecting guns and the other is automobiles.

and being of an athletic turn, he naturally loves to hunt and fish.

#### Ethel Clayton at Princess

Can a simple, sincere, experienced soldier boy win a beautiful but fickle Broadway chorus girl when that girl is just on the eve of catching a husband a handsome young millionaire? Nine out of ten will say, "impossible!"

But Monte Blue, as Private Pettigrew in Ethel Clayton's new Paramount starring vehicle, "Pettigrew's Girl," which is being shown at the Princess theatre tonight says it can be done. Miss Clayton has the role of Daisy Heath, a chorus girl and Broadway beauty. Daisy has her line out to catch a rich husband.

Private Pettigrew is alone in the world, having no parents, relatives or friends. He never even had a sweetheart, but when he takes a trip to New York from the embarkation ramp at which he is stationed, he gets a front seat in Daisy's theatre. There he sees her and throughout the whole performance he can't take his eyes off her. He arranges to meet her, and lots of things happen.

Miss Clayton again evinces her remarkable versatility in this picture. Monte Blue gives a delightful portrayal of the soldier. The picture was directed by George Melford. The scenario is by Will M. Ritchey. From the story by Dana Barnett. In the supporting cast are James Mason, Charles Gerard and Clara Whipple, all of whom are capable artists appearing in congenial roles.

"Three Men and a Girl," will be shown Thursday and Friday.

#### BEEKEEPERS ON TRIP.

Elmora, Ind., May 27.—Fifteen automobile loads of beekeepers left the farm of Lew Core, two miles south of here today, on an inspection trip of Davies county apiaries. They accompanied C. O. Vost, state apiary inspector who was to show them the best methods of treating foul broods. The trip, which will last two or three days, follows a basket picnic dinner of the beekeepers at the Core farm yesterday.

### 7 A DAY FOR 7 DAYS

**If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.**

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

### FASCINATING TEETH

**How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant**

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

### SAYS HE DID NOT REFUSE CONTRACT

#### A. R. Herkless Declares Report He Would Not Accept Beaver Bridge Job is Erroneous.

#### BOARD THOUGHT THAT HE DID

#### He Says He Was Low Bidder on Two Other Contracts he Didn't Get—Explanation For it.

A. H. Herkless says a misunderstanding caused the report that he had refused to accept the contract for the Mart Beaver bridge, awarded Saturday by the county commissioners, because he had not been given the contract for the Norris bridge, on which all bids made were the same—\$1,725. Mr. Herkless' bid on the Beaver bridge was the low one, but the commissioners gave the contract to E. L. Kennedy, whose bid of \$625 was \$5 more than that of Mr. Herkless, because they were under the impression Mr. Herkless did not want it if he could not have the Norris contract.

Mr. Herkless says he left the court house Saturday afternoon under the impression that he had the contract and had no intimation that it had not been awarded to him until he read the statement in the Republican last night. Mr. Herkless declares that he had made some arrangements yesterday to begin work on the bridge.

He declares that he did not say he would not accept the contract for the Beaver bridge, but made the remark in the presence of the commissioners, when they told him he had been awarded the contract, that he would like to have had the Norris bridge also. The commissioners decided in favor of Lawrence and E. L. Kennedy, whose bid was the same as Herkless' and Kennedy's, because they have a ten-ton roller and other necessary equipment.

Mr. Herkless says that he was not offered a contract to sign and did not ask for any because he supposed the rule here was the same as he had found it elsewhere, that a contract may be signed any time within ten days after it is awarded.

John A. Tinsworth, county attorney, when asked about the circumstance today, said that the commissioners had always made it the practice here to have contracts signed the day they were awarded because the supreme court had held this to be the law, regardless of what the rule was elsewhere.

The commissioners believed that when he left without signing, that he did not want the small job because he did not also get the big one. The commissioners' record shows that the Herkless bid on the Beaver bridge was first accepted, but the word "Accepted" was later scratched out and written after Mr. Kennedy's bid.

Mr. Herkless discovered today, when he consulted the commissioners' record, that he was low bidder on three contracts, as well as being with two others on the Norris job. He pointed out that in addition to the Beaver bridge, he was low bidder on the James Smith bridge, his estimate being \$1,110 as compared with \$1,119 of the Burke Construction company of Newcastle, which was given the contract. He also showed that his bid on the Elmer Morris bridge work was \$120, but that the contract was awarded to E. L. Kennedy for \$125.

It was explained at the auditor's office that the James Smith contract went to Burke because he would not take the small contract for the Vern Smith bridge, which was \$349, without it. The two Smith bridges are not far apart. It was also pointed out that the commissioners did not have to award contracts to the low bidder anyway, but that the law gives them the power to use their own discretion and reject any or all bids.

P. M. AND M. E. M. DEGREES

## Prices Smashed

The thing the motorist has been waiting for has happened—Tires have been reduced 15% in price to the consumer. The following is a comparison between some of the old and new prices in order to give you an idea of what this means:

30x3	Goodyear, Non Skid, Fabric was	\$18.50, now	\$15.75
30x30½	Goodyear, Non Skid, Fabric was	\$23.50, now	\$20.00
32x3½	Goodyear, Non Skid, Fabric was	\$27.45, now	\$23.35
31x4	Goodyear, Non Skid, Fabric was	\$36.65, now	\$31.25
32x4	Goodyear, Non Skid, Fabric was	\$37.40, now	\$31.85
33x4	Goodyear, Non Skid, Fabric was	\$39.25, now	\$33.35
34x4	Goodyear, Non Skid, Fabric was	\$40.10, now	\$34.10
30x3½	Goodyear Cord was	\$38.70, now	\$24.55
32x4	Goodyear Cord was	\$52.65, now	\$44.65
34x4	Goodyear Cord was	\$55.50, now	\$47.20

All other sizes reduced in proportion, and like everything else we carry a full line of sizes in stock.

Do not discard your old casings without first letting us inspect them. We may be able to add many more miles to their life with our process of vulcanizing.

Work Guaranteed.
Prices Reasonable.

Michigan Shoemakers — Try 'Em

Our Boys' and Girls' Shoes and Slippers  
Are Unequaled.

Miss Leonora Norris will be hostess for the Happy-Go-Lucky club Friday afternoon at her home in North Morgan street.

The War Mothers club will meet tomorrow afternoon at the home of Mrs. G. W. Skipton, 214 West Fourth street, at two o'clock. All members are urged to be present.

The Band of Workers of the First Presbyterian church will meet tomorrow afternoon in the church parlors. All members are requested to be present as important business will be discussed at this time.

Walter Easley was pleasantly surprised on his birthday Sunday evening, when members of the Century club gathered at his home in North Perkins street, during his absence. A delicious pitch-in supper was served.

Mrs. Ernest Mitchell entertained the Monday Evening Bridge club last evening at their home in East Second street. The evening was devoted to playing bridge, at the close of which dainty refreshments were enjoyed.

Mrs. Guy Abernethy was hostess for the Monday Circle yesterday afternoon at her home in North Perkins street. The regular program was carried out. At the business session the program for next year were given out and the study of Modern Belgium and France, which will be taken up next year, was discussed.

Miss Mary Anderson was hostess for the Tri-Kappa sorority last evening at her home south of the city. A report was given on Doughnut Day, which was held last Wednesday, which showed that \$102 was taken in by the sorority. At the close of the meeting a penny supper was served, the proceeds amounting to \$1.05.

Mr. and Mrs. Russell Coons entertained at their home east of the city at dinner Sunday. Mr. and Mrs. Cesar McNight and son Walter of near Newcastle, Mr. and Mrs. L. M. Coons of near Homer, Mr. and Mrs. Emmett Parthing and sons Willard and Wallace of New Salem and Mr. and Mrs. Thomas Mosberg and sons Fred, Vernon and Wilbur of the Little Flatrock neighborhood.

# MR. & MRS. RUG BUYER

## Of Rushville and Rush County

If you were going to buy a diamond would you want the advice of experts, backed by their reputation and your judgment? Does not the same thing hold good on Rugs and Carpets?

One family in Rushville purchased a Whittall Rug from us four years ago and since that time have returned and purchased three more of the same quality. Another family in Rush County purchased their carpets from us last year and on their recommendation their two nearest neighbors have come to us and purchased rugs and carpets this season. A traveling salesman (who sells a medium priced line of rugs and carpets) purchased an Anglo Persian Rug here and paid the same price you would be asked to pay us. This man is a rug expert and backed his own judgment when he made this purchase.

### THESE PEOPLE ALL KNOW WHITTALL RUGS

Should this not be evidence enough that if our rugs and carpets are good enough for people who have thoroughly tried them and re-purchased, should they not be good enough for anyone.

## Here Is Further Proof as to the Reasonableness of Our Prices

Following is an exact copy of a portion of an advertisement that appeared in a daily paper published in a city not a great distance from here, May 7, 1919:

"Peerless Brussels Rugs, 9 x 12 size. The designs are oriental and Chinese effects in charming color combinations—value that is exceptional from the standpoint of beauty and service. These rugs priced each \$62.50."

Our Price on This Same Rug in the Same Size is \$54.00.

"Tepnac Wilton Rugs are beautiful in design and color—rich in finish with lustrous sheen—rugs that are recommended for hard service—designs are Chinese, Persian and Japanese patterns. 9 x 12 size, priced at \$83.50."

Our Price on This Same Rug in the Same Size is \$71.00.

## Gifts for Graduation

This store will be more than pleased to assist you in the selection of a gift for the graduate of the class of 1919. Several of our departments are filled with appropriate suggestions from which you will be glad to make your choice. Our showing is absolutely new, and the prices are to your liking.

### Enticing Silk Bags

A very pretty silk bag would make a most acceptable gift for the girl graduate. These bags are shown in black and colors. The openings of these bags are lined with a large middor and the bag itself has a lining of rich silk.

Prices \$3.00 to \$7.50

### Silk Hose

in black, white, brown, grey, etc.—always a very useful gift. We have several different qualities of silk, giving our patrons a range of prices from \$1.00 to \$3.00.

### Parasols

You will be charmed with our new and complete stock of parasols. The feature that will attract you first and hold you longest will be the new shapes. Instead of the cord or ivory ring in the handles you will find the ring in the short ferrule. The parasol is carried with this ring over the arm, the handles down. There are many exquisite color combinations.

### Silk Lingerie

A complete line of excellent quality silk — Night Gowns, Chemise, Camisoles, Etc.

### Jewelry

Our Little Paris Shop is ready with all that is correct in new jewelry for graduation gifts. This shop is for men as well as women and children.

There is a complete stock of

### Toilet Articles

Make gifts that will be appreciated by all girls. A nice bottle of Lov' Me, Dierkiss, Houbigant's Ideal, Armand's Face Powder or Luxor Manicure Set complete. Prices from 50c up to \$5.00.

The afternoon was spent socially and with music on the victrola.

Mr. and Mrs. W. P. King entertained at their country home near New Salem Sunday, a number of out-of-town guests at a prettily appointed dinner party. Covers were laid for William Pond of Shelbyville, Mr. and Mrs. Ben Pond and son William of Fairland and Earl Pond of Shelbyville, who has just recently returned from overseas. The afternoon was spent socially with music on the victrola.

The alumni reception for the 1919 graduating class of the Milroy high school was given last night in the school building at that place. The reception rooms, which were arranged in the corridors, were beautifully decorated in purple and orange, the class colors, and with various flowers. Miss Emily Morgan and Miss Mable Morris, former graduates of the school, sang several selections which were greatly appreciated.

Several former graduates of the school recalled the time when they

were graduating and regretted that they could not be graduating this year. J. L. Shanek of Morris-town, a former superintendent of the school, gave a short talk telling of the time that he was in charge of the school. His talk was followed by several others and among those speaking were E. B. Thomas and Glen Foster of this city, and W. E. Wagoner, retiring superintendent of the school. Miss Mary Kitchin, class president, responded for the class, which is the largest ever graduated from the school, having eighteen members. This is thought to be the most remarkable class in the state for the eighteen completing the course this year were the original class as freshmen, no one having dropped out and no new members being added. At a late hour refreshments of brick ice cream with 1919 frozen in chocolate, and cake were served. The evening was closed by the assembly singing "America" at the suggestion of Mr. Thomas of this city.

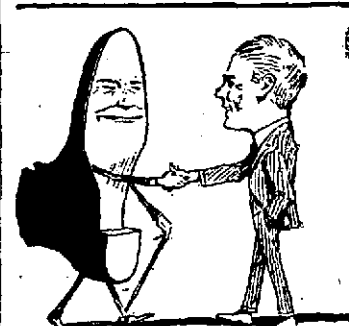

## WILL EXEMPLIFY A DEGREE

Bernice Encampment, I. O. O. F., to Participate in Connersville Meet.

The Bernice Encampment of the I. O. O. F. of this city will be the guests of honor of the Whitewater Encampment of Connersville on Decoration Day. At three-thirty in the afternoon the Bernice encampment will exemplify the Golden Rule and at seven-thirty, in the evening, the Royal Purple degree will be given. A banquet will be served by the Whitewater encampment at six o'clock in the I. O. O. F. building. This meeting has been arranged in order that it will not interfere with the other memorial services.

### ATTEND STATE MEETING.

Paul Allen and George Osborne of this city, were attending the grand lodge meeting of the F. and A. Masons at Indianapolis today. This is the annual session and several good speakers were on the program. Mr. Allen is worshipful master and Mr. Osborne, secretary of Phoenix lodge of this city.

Your shoes are most intimate personal friends—or they are not.

No two sides to a shoe (except inside and outside). Either you love to slip your foot into it at the day's beginning, or you hate the sight of it.

Here in our shop we do everything that skill and experience can suggest to make certain that the shoes you buy are going to be friendly.

## RED CROSS CALL NEXT NOVEMBER

Conditions in Foreign Countries are  
Said to be Apalling and Need  
Attention.

### CLOSING ITS ACTIVITIES.

Army Being Removed From France  
but aid is Said to be Needed in  
Other Fields

An appeal to the American people  
for funds to carry on the work of  
their American Red Cross will be  
made next November according to  
the following statement issued today  
by Dr. Livingston Farrand, Chairman  
of the Central Committee, who says:

"Appalling conditions in countries  
of eastern Europe, imposing on Amer-  
ican Red Cross obligations additional  
to those assumed during the  
period of the world war and contin-  
uation of activities in connection  
with the already outlined domestic  
program of the American Red Cross  
make necessary an appeal to the  
people of America for further funds  
to carry on work for relief of hu-  
manity."

It has been decided to make this  
appeal in the autumn in a period of  
two weeks culminating the 11th of  
November, the anniversary of the  
signing of the armistice—the sea-  
son when American people may prop-  
erly give manifestation through con-  
tributions to their American Red  
Cross, of their thankfulness for del-  
iverance from added horrors of  
war which have fallen upon nations  
less fortunate.

At present the American Red Cross  
is bringing to a close its activities in  
countries in western Europe and  
with the withdrawal of American  
troops from the war zone, its work  
for army abroad will end auto-  
matically. Disease, suffering of a  
most heartrending character and  
severe, are calling for relief in other  
fields.

The new international organiza-  
tion of Red Cross societies is pre-  
paring to deal with relief and health  
problems throughout the world in  
future years, but these are immediate  
emergencies which require the aid  
of agencies already established.  
Foremost among these agencies is  
the American Red Cross.

At present emergencies are being  
met with all resources available, but  
it is apparent that imperative calls  
for assistance for the next year or  
more will make additional funds  
necessary.

It is anticipated that the gener-  
ous heart of the American people will  
respond to the appeal to the full ex-  
tent of needs that will present them-  
selves.

## SHIPS HAVE NEW SYSTEM

Tonnage of Merchant Vessels to be  
Reckoned in Gross.

Washington, May 27.—Tonnage of  
Uncle Sam's merchant ships here-  
after will be reckoned in "gross"  
tons instead of "deadweight" tons,  
Chairman Hurley of the Shipping  
Board has decided.

Deadweight tonnage is calculated  
on the actual weight the ship will  
carry and is nearly one third larger  
than gross tonnage.

During the war deadweight ton-  
nage was used to fool the Germans.

### M. M. DEGREE TUESDAY

Work in the M. M. degree  
will be given at a meeting of  
Phoenix lodge No. 62, F. &  
A. Masons, Tuesday evening at 7:30  
o'clock. Visiting Masons will be  
welcome.

### "Spring Fever" and Common Sense

If a man or woman feels heavy,  
dull, languid, lazy,—lacking in am-  
bition and energy—instead of giving  
up and saying he has "spring fever"  
it is more sensible to take a good,  
wholesome physic. Biliousness,  
sick headache, sour stomach, gas,  
bloating, coated tongue, dyspepsia—  
all are relieved by Foley Cathartic  
Tablets. B. B. Howard, Unadilla,  
Ga., writes: "I find Foley Cathartic  
Tablets give me quicker relief than  
anything I ever tried. F. B. John-  
son.—(Adv.)"

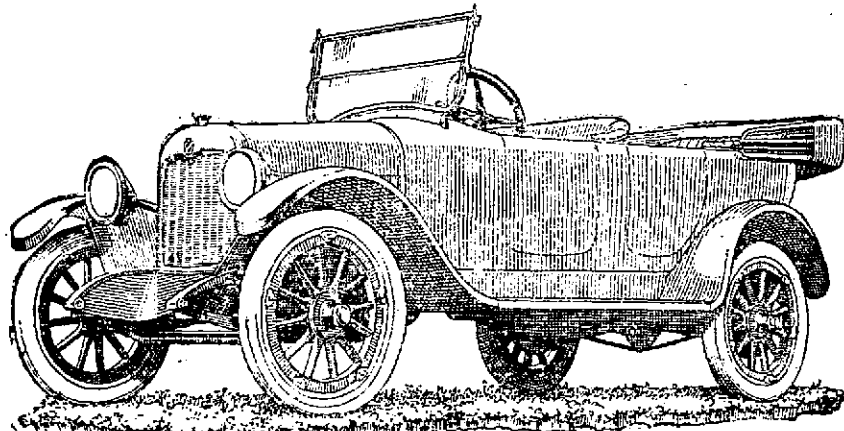

## The Things About a Maxwell You Remember

1. It runs endless mileage.
2. It makes a dollar's worth of gas travel a mighty distance.
3. It shies at the repair shop.'
4. Its tires seem to last forever.
5. Its upkeep never makes you poor.
6. It never wobbles or creaks in its old age.
7. If you keep two or three other cars you'll drive your Maxwell twice as often as any of the others.
8. It is never thirsty for oil.
9. Your neighbor and your banker re- spect your motor car judgment.
10. When you part with it, it's like parting with a life-long friend.

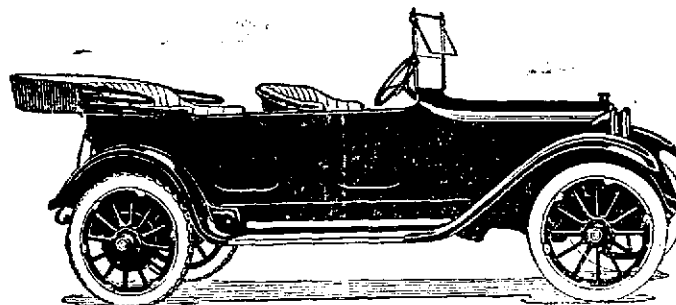

All ten of which are due to the 300,000-all-alike idea conceived at the time the Maxwell was originated, 5 years ago. The policy of doing one thing and doing it well over a period of years has no better ex- ample in business today than the prod- uct of the Maxwell Motor Company. It's the kind of car you never forget.

More miles per gallon  
More miles on tires

### FAMILY WASHING

Having a Washing Machine in your house does not relieve you of the work, worry and expense of doing this work. The only way to overcome this job is to send it to the Laundry. Just phone us and our wagon will call for your washing and deliver it back to you when finished. This is all you have to do. We will iron all of it, or give you our Rough Dry way of doing it, just as you like. Just use the phone.

## Rushville Laundry Phone 1342

## SAYS KAISER IS AN INNOCENT MAN

Father Von Dreyanda Says the Ger-  
man Upper Classes Are Gaining  
Religion

### POOR CLASSES LOSE FAITH

Confessor Kaiser Writes Brief Book  
in Hope That he Will be Put  
Right in World

By FRANK J. TAYLOR.  
(U. P. Staff Correspondent.)

Berlin, Apr. 30.—(By Mail.) The  
German upper classes are gaining  
religion while the lower classes are  
losing faith, according to Father  
von Dreyanda was the confessor of  
the Kaiser, and will be remembered  
for his sermons and prayers that  
the world might be baptised and  
saved through the German sword.

Father Von Dreyanda says the  
Kaiser is an innocent, religious and  
pious man. The minister says he  
ought to know, because Wilhelm  
poured out his heart in his confes-  
sions. Wilhelm's life was perfect  
and most sincere, declares his con-  
fessor. He has written a brief book  
in the hopes that it will help put the  
ex-Kaiser right with the world.

The Berlin Protestant temple is  
crowded every Sunday that the dis-  
trict near the former royal castle is  
quiet enough to permit services. The  
same is true of other churches of all  
sects where the wealthy or middle  
class attend services. More of them

are going to church than ever be-  
fore.

But in the poorer districts the  
churches have had to close, practi-  
cally, because nobody will come to  
them. It is not a matter of expense,  
since the state supports churches.  
Father von Dreyanda says it is due  
to the radical political meetings held  
everywhere and whenever workmen  
are not occupied otherwise.

According to Father von Dreyanda  
the church is having a hard time  
getting free from the new state. The  
Kaiser was formerly head of the  
church in Germany. When he was  
deposed the churchmen said they  
needed no earthly head. However,  
the new republic officials claim they  
should control the church, since the  
state supports it.

The state will allow German  
churches several million marks  
yearly for fifteen years. At the end  
of that time the churches plan to be  
established as self-supporting in-  
stitutions in Germany.

### MEDICS MEET TODAY.

Columbus, May 27.—Medics of the

fourth congressional district met  
here today to discuss their work for  
the next year. The counties repre-  
sented were Bartholomew, Dearborne,  
Ohio, Decatur, Jefferson, Ripley,  
Switzerland and Jackson.

## JOINT MEMORIAL SERVICE

Local Lodges Will Combine In Cer-  
emony on Sunday

The joint memorial services of  
the Rushville lodges will be held  
Friday afternoon when Robert A.  
Brown, of Indianapolis, Grand  
Keeper of records and seals of the  
Knights of Pythias, order will de-  
liver an address at the East Hill  
cemetery. All the local lodges will  
assemble as is their annual custom  
and will march to the cemetery  
headed by the Odd Fellows band.  
The parade will leave the city for  
the cemetery promptly at one o'clock  
in order to be back in time for the  
Ascension day services of the  
Knight Templars.

## KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't  
disappear of themselves. They grow  
upon you, slowly but steadily, under-  
mining your health with deadly cer-  
tainty, until you fall a victim to in-  
curable disease.

Stop your troubles while there is  
time. Don't wait until little pains be-  
come big aches. Don't trifle with dis-  
ease. To avoid future suffering begin  
treatment with GOLD MEDAL Haarlem  
Oil Capsules now. Take three or  
four every day until you feel that you  
are entirely free from pain.

This well-known preparation has been  
one of the national remedies of Hol-  
land for centuries. In 1696 the govern-

ment of the Netherlands granted a spe-  
cial charter authorizing its sale.  
The good housewife of Holland would  
almost as soon be without food as with-  
out her "Real Dutch Drops," as she  
quaintly calls GOLD MEDAL Haarlem  
Oil Capsules. Their use restores  
strength and is responsible in a great  
measure for the sturdy, robust health  
of the Hollanders.

Do not delay. Go to your druggist  
and insist on his supplying you with a  
box of GOLD MEDAL Haarlem Oil  
Capsules. Take them as directed, and  
if you are not satisfied with results your  
druggist will gladly refund your money.  
Look for the name GOLD MEDAL on  
the box and accept no other. In sealed  
boxes, three sizes.

## MOTHERS CONGRESS OPEN

Combined with Parent-teachers Association in Conference

Santa Cruz, Calif., May 27.—The California Congress of Mothers and Parent-Teachers Associations opened a two-day session here today and the delegates will give especial attention to post-bellum, including child workers, etc.

Speakers of national and state importance will participate. A number of entertainment features including receptions and exercises have been arranged for the delegates.

Emergency funds of \$200 a month have been given by the Red Cross for the use in reconstruction work in 44 base and general hospitals in the United States.

## DON'T LET IT LINGER

A cough that follows a gripe or any other cough that "hangs on" from winter to spring wears down the sufferer, leaving him or her in a weakened state unable to ward off sickness and disease. Jos. Gillard, 148 Fillmore St., Nashville, Tenn., writes: "I was suffering with a dry, hacking cough and a pain in my chest, but since taking Foley's Honey and Tar I have been relieved." It soothes, heals and cures coughs, colds and croup. Good for whooping cough. F. B. Johnson.—(Adv.) 3

## DEAD AMERICAN RULES CONFERENCE

Paris Editor Considers It Impossible to Reconcile Monroe Doctrine With League of Nations

## VIOLATES MONROE'S RULE

Americans Both North and South Have Interests Absolutely Distinct From Those of Europe

By WILLIAM PHILIP SIMMS  
(U. P. Staff Correspondent.)

Paris, April 25. (By Mail).—Stephen Lausanne, editor of "Le Matin" considers that it will be impossible ever to reconcile the Monroe Doctrine with the idea of a League of Nations. He said in Le Matin: "If things continue to go as they are going now Monroe will finish the biggest figure in the Peace Conference. At present his is the only figure before which everybody bows."

"Who was Monroe?"  
"Monroe was born in a carpenter shop and as time went on, engaged in most all the trades. He was a colonel, lawyer, merchant, judge, ambassador, Secretary of State. Moreover, he did all of them well. In 1817 he became President of the United States."

"About that time a political tempest was blowing strong in the Old World. United under the Name of the 'Holy Alliance,' the European governments talked of nothing less than the establishment of an absolutism, first in Europe, then in America."

"Monroe saw storm-clouds coming his way and called his old friend, Thomas Jefferson, philosopher and friend of the French Philosophers' d'Alembert and Condorcet, to a consultation. Whereupon Jefferson wrote:

"America, both North and South, has interests very distinct from those of Europe and which belong to her alone. It is necessary, therefore, to establish the principles of a system which shall keep these interests separate from those of the Old World. While the latter is trying to make itself the home of despotism our hemisphere is trying to make itself the land of Liberty."

"Monroe found the suggestion good, so on Dec. 2, 1823, in an address, to Congress at Washington, he put the idea into slightly different words. He said:

"Our politics has always consisted, and always should consist, in taking no part in European wars. Also we have always abstained from intervening in the affairs of the colonies or dependencies of European nations and we shall continue so to do. But for those which have won their independence and obtained recognition as states, we can not but consider as an act hostile to the United States any intervention having for object the oppression or control in any manner whatever, of the destinies of these same."

"There is was! It was done! A new doctrine was born."

"Now is this Doctrine of Monroe violated by the League of Nations project?"

"It seems to me monumentally paradoxical and a trifle infantile to pretend the contrary."

"When the Executive Council of the League of Nations fixes the reasonable limits of the armament of Peru; when it shall demand information concerning the naval program of Brazil (Art. 8 of the Covenant); when it shall tell Argentina what shall be the measure of the contribution to the armed forces to protect the signatures of the social Covenant (Art. 16); when it shall demand the immediate registration of the treaty between the United States and Canada at the seat of the League it will control whether it will or not the destiny of America. And when the American States shall be obliged to take a hand in every war or menace of war in Europe (Art. 11), they will necessarily fall afoul of the fundamental principle laid down by Monroe which was that Americans should never take part in a European war."

"If the League takes in the world, then Europe must mix in the affairs of America: if only Europe is included, then America will violate of necessity her own doctrine by intervening in the affairs of Europe."

## County Notes

## Coun's Corner

Miss Ruth Manley visited Mr. and Mrs. Doyle Emsweller Tuesday and Wednesday.

Ed Clark made a business visit in Rushville, Thursday.

Mrs. Willard Farthing spent Thursday afternoon with Mrs. Frank Moore.

Otis Freeman visited relatives at Laurel, Thursday.

Mr. and Mrs. Doyle Emsweller were the guests of Mr. and Mrs. Oliver Lockwood over the week-end.

Mr. and Mrs. Roscoe Linville motored to Rushville, Saturday.

Mr. and Mrs. Melvin Miller spent Thursday afternoon with Mr. and Mrs. William Emsweller and family.

Mrs. Clara Cox and daughter Lula and Miss Carlyle Emsweller visited friends at Andersonville Saturday afternoon.

Mr. and Mrs. Firman Tarplee were the Sunday guests of Mr. and Mrs. Joe Pike and family.

Mr. and Mrs. Ed Tarplee and daughter Dorothy and Mr. and Mrs. Frank Tarplee were the guests of Mr. and Mrs. Joe Harves, Sunday afternoon.

Mr. and Mrs. Riley Wilson spent Sunday with Mr. and Mrs. John Linville and family.

Mrs. William Emsweller is improving after an illness of a few days.

Floyd and Lula Cox and Miss Carlyle Emsweller were the Sunday guests of Mr. and Mrs. George Harrison of near Milroy.

## Eczema Wash

A touch of D. D. D. to any eczema now or itching eruption and you'll be able to rest and sleep easy. Think—just a touch is all it takes to get a trial bottle today. Your money back if the first bottle does not relieve you.

**D. D. D.**

Pittman & Wilson, Druggists.

## CITED FOR BRAVERY

New York, May 27.—The Marine Corps has been cited for bravery by the news department of a New York newspaper. Orders have gone forth to rewrite men and copy readers that as a distinction for conspicuous bravery, the name of the organization of the devil dogs in the future shall appear in caps (Marine Corps) instead of in lower case (marine corps.)

Trout Creek is on the other side of the Great Salt Lake desert—85 miles from the railroad, 135 miles from the nearest Red Cross chapter—but a Red Cross Home Service worker went to Trout Creek to find out how the mother of a soldier in France was getting along.

**BAD BREATH**

**DO YOU WANT** your friends to avoid you? They will certainly do so when your breath is bad. There is no excuse for anyone having a bad breath. It is caused by disorders of the stomach which can be corrected by taking Chamberlain's Tablets. Many have been permanently cured of stomach troubles by the use of these tablets after years of suffering. Price 25 cents per bottle.

**Chamberlain's Tablets**

30c, 60c, \$1.20

## SPOTLESS

Summer clothes ought to be spotless. Perhaps that is the reason so much of them are easily soiled.

However, there is one great recompense—it costs much less to have them cleaned. Our cleaning department gives fine service in this line. We clean either Ladies' Dresses or Men's Clothing with equal facility and perfectly odorless.

## ODORLESS

XXth Century Cleaners and Pressers

## THOUGHTS and THINGS

The business of living, when boiled down to its clearest essence and all the froth skimmed off, is just a matter of thinking.

Each of us is continually thinking ideas of our own and swapping them for the ideas of others. If there is a famine of outside ideas we shrivel up ourselves. Children with "nobody to play with" are unhappy and unmanageable.

From thinking with our heads to doing with our hands is but a little step and then our thoughts become things.

It is because men of America are so unfettered in their thinking and doing that this country is such a fine place to live in. It is also because these thoughts are freely radiated and spread broadcast, in the distribution of manufactured things and in the distribution of facts about them (advertising) that this country is such a fine place to live in.

The originator of an idea is not much better off than before he originated it till he gets some one else to absorb it and enjoy it and benefit by it.

The man or woman surrounded by better thoughts and things but who pays not the slightest attention to them is not much better off than the one with "nobody to play with."

The advertisements in the papers are thoughts—telling you about the ideas that other men and women have thought out for your happiness. Read the ads. They are the voices from hundreds of thousands of looms, shops, foundries, studios, laboratories, where millions of minds are turning pleasant thoughts into worth while things for your comfort.

Obituaries

Frances Conwell Smith, youngest daughter of James and Winifred Conwell was born at Laurel, Franklin County, Ind., March 23, 1838—died Sunday May 18, 1919 at her home in Rushville, aged 81 years, 1 mo. and 25 days.

She was married to Dr. William Haddon Smith, June 29, 1858. Seven children came to bless their home: Henry C. Lewis, Clara B. Anna, Lulu, Will C. and Walter E. Of these Henry and Lewis died in infancy.

Two daughters: Anna Frazee and Lulu Fish; two sons Dr. Will C. Smith and Walter E. Smith; the grandchildren Walter E. Frazee, Mrs. Helm Woodward, Hale Pearsey, Horace Pearsey, Russel C. Fish, Mrs. George Hogsett, Conwell Smith one great grandson, Robert Helm Woodward and one sister, Mrs. Maria C. Thayer survive her. Besides her own children Mrs. Bertha Gray Grishaw of Tipton, Mrs. Laura Gray George of Kokomo, Mrs. Leile Clawson Ray of Connersville, and Miss Dora Winkler and Mrs. Tom Bishop of Rush county made their home with her. Their own mothers gone they found in her a mother and today unite with the surviving family in mourning her departure. Two of her grand children, Lieut. Russell C. Fish and Capt. Hale Pearsey are now overseas.

At the age of eleven she accepted Christ as her Savior uniting with the Methodist Episcopal church and

for seventy years continued to "grow in grace and in the knowledge of her Lord, Jesus Christ" The Bible was indeed to her "Sweeter than honey to my mouth—a lamp unto my feet and light unto my path".

Her father, James Conwell, was one of Indiana's pioneers ministers serving his Lord as an earnest and able herald of the truth. Highest ideals of Christian character were exemplified in her throughout a long life that influenced for the good all with whom she came in touch. She was a woman of more than usual intellect, being a great reader and a student of current events. She held faithfully to her political as well as religious convictions. She retained an active interest and participated in every phase of life until the end. She was a member of the Happy Go-Lucky and O. N. T. Clubs.

Her children found in her a companion—ready to share in their pleasures and joys. She was truly a woman that never lost her youth.

While our hearts are burdened because of the separation, we do not weep "as thou that has no hope". For we know "it is well with her soul" and that released from the sufferings of this life, she is enjoying glad reunion with those whom had loved long since but lost awhile in that Home not made with hand, eternal in the Heavens. 641f.

HOOSIERS URGED TO EXTERMINATE RATS

Subject Should Receive Attention of All, State Officials Declare—This is Rat Day

POSSIBLE TO SAVE \$4,000,000

Indianapolis, May 27.—Swat the rat; or

Shoot the rat; or

Trap, poison and prevent rats; or Do anything to exterminate them and save the state \$4,000,000 annually. This was the advice sent to Hoosiers today by the state board of health and urged by Governor Goodrich in a proclamation, which set aside this day for rat slaughter.

"Starve him" the board of health says, "by keeping grain, vegetables and all foods in cement or metal bins, metal boxes or cupboards. Keep garbage in covered metal garbage cans.

"Abolish all breeding places and rat proof your house and all out-buildings with cement and wire screens."

Governor Goodrich said: "The menace of health and the great loss of property by the unrestrained activities of the common rat and other rodents have become so serious that the subject should receive attention at the hands of all citizens of the state."

A Kiss Amiss

He asked if her hand he might kiss. She paused in reflection and said, "I cannot consent, sir, to this, 'For kissing may go to the head.'" —Cartoons Magazine

## ARMY WORM INVADES TEXAS; FEAR SPREADS

Gets Its Name From Fact That it Moves in Immense Hordes Leaving Trail of Destruction

FAVORED BY COOL WEATHER

Washington, May 27.—The army worm—which gets its name from the fact that it moves in immense hordes, leaving a trail of destruction—has appeared in large numbers in the general vicinity of Ft. Worth and Dallas, Texas. It is busily engaged in destroying the wheat and oats crop in that State, according to reports to the United States Department of Agriculture. Prevailing damp, cool weather favors the development of the army worm and makes likely an invasion of large proportions within the next four to six weeks in many States east of the Rocky Mountains.

The Department of Agriculture urges all farmers in the threatened regions to watch for the pest in its younger stages and be ready with control measures. Meadows, particularly those planted to millet, timothy, and blue grass should be frequently examined during the spring and early summer. If small infestations are discovered the grass or grain should be mowed off and straw should be scattered over the spot and burned, thus destroying worms. If the insects have become distributed over a large area it should be marked off by stakes and the crops should be sprayed heavily with a mixture of Paris green at the rate of one pound to 50 gallons of water. This solution should not be applied to corn or it will burn it. Instead, two pound of arsenate of lead powder with these poisons should not be fed to live stock.

When the caterpillars are on the march or are starting in on one corner of a field of grain, they may be headed off by plowing a deep furrow directly in their path. Then the insects that have fallen into the furrow may be killed by dragging a log through it.

The Goddess of Liberty was created by the French convention in 1793 and was enthroned by a public ceremonial.

# Camel Cigarettes

CAMEL Cigarettes meet your taste in many new and unusual ways. You quickly become fond of them—they are so refreshing and cool and fragrant.

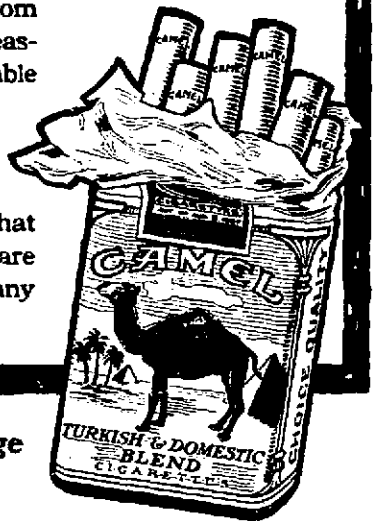

You see, Camels are an expert blend of choice Turkish and choice Domestic tobaccos which guarantees the most delightful cigarette qualities that have ever been put into a cigarette. Your test will prove that you prefer the expert Camel blend to either kind of tobacco smoked straight.

Camels blend not only frees the cigarettes from any unpleasant cigarette aftertaste or any unpleasant cigarette odor but it assures that remarkable mellow-mild-body! And, you'll be interested to know that no matter how liberally you smoke Camels they will not tire your taste!

Camels are a cigarette revelation! Prove that yourself! We suggest right here that you compare Camels with any cigarettes in the world at any price for quality and for satisfaction!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

## GRAND LODGE OPENS 98TH ANNUAL MEETING

More Than One Thousand Masons Are in Indianapolis Today to Attend Meeting.

TOTAL MEMBERSHIP 90,000

(By United Press.)

Indianapolis, May 27.—The Grand Lodge of Indiana, Free and Accepted Masons, opened its ninety-eighth annual meeting in the Masonic Temple here today. The date of adjournment was not set, the meeting to disband when its business is transacted.

More than one thousand delegates were here to attend the meeting, representing the majority of the 562 Blue Lodges of the state.

Thomas B. Bohon, grand master of Indiana, opened the meeting at nine o'clock and the first hour was devoted to a patriotic program.

Tomorrow morning, the delegates will board a special train for Franklin to visit the Indiana Masonic home, said to be one of the greatest undertakings ever made by the Masons.

Unprecedented prosperity has visited the Masonic lodges during the last year, the total membership now being upwards of 90,000 with a gain of 20,000 registered.

## CANNING EXPERTS GO TO FRANCE TO TEACH

Carry Message of Home Preservation to Country Which Does no Canning

A COOPERATIVE ENTERPRISE

Washington, May 27.—When the Rochambeau steamed out of New York harbor today, bound for France, it had on board four canning and drying missionaries to the French. They are missionaries in that they will carry the message of home preservation of food to a country which now does practically no canning at home. There it is a job for factories.

It is a cooperative enterprise, the parties to it being the American Commission for Devastated France, the French Ministry of Agriculture and the U. S. Department of Agriculture. The party was made up following a cable request from the French Minister of Agriculture, through the French High Commission, to Secretary of Agriculture Houston, requesting the loan of some home demonstration workers who were experts in canning. Two home demonstration agents in the French regions of Louisiana were selected for the job. They were notified Saturday, and started for Washington Monday. They are Miss Erin Dore of Crowley, Acadia Parish, and Miss Caroline A. Boudreaux of Scott, Lafayette Parish. With them goes Mrs. Bernice Carter Davis, formerly State Home Demonstration agent for Texas, and Dr. Francis P. Land, canning and drying expert in the Office of Extension Work South, Department of Agriculture.

own plants, as he can buy them from a seedman or plant grower to better advantage. The plants should be spaced fifteen to eighteen inches apart in the row, and about a pint of water should be poured into the hole around the roots of each plant before filling in the earth. This will give the plant a quick start and insure its growing.

If possible, the plants should be set at a time when the soil contains considerable moisture. One hundred plants or 125 feet of row is considered the smallest planting of sweet potatoes that should be made, and even a larger planting is desirable in order to furnish a supply for the ordinary family. —United States Department of Agriculture.

Columbia university has added a new course dealing with the remedial power of music.

the exclusive Music House at Rushville. That's Us.

## TAKE PEPSINCO

the best remedy for indigestion that ever came out of a drug store.

You know that pepsin is good for indigestion but pepsin could never do what PEPSINCO will. We have dealt in medicines long enough to know the various uses and value. We unhesitatingly say that PEPSINCO is the best remedy for indigestion, gas, flatulency, food distress, sour stomach and pains under the ribs, that ever came out of a drug store. Sufferers of indigestion and dyspepsia well do well to take PEPSINCO.

Ask your druggist—he sells and recommends Pepsinco.

## HOW-TO-GROW Sweet Potatoes.

Sweet potatoes are not adapted to growing in the extreme northern part of the United States, but they will give splendid results in a wide area of the Central and Southern States. The usual method of cultivation is to throw up slight ridges or beds upon which to set the plants.

The plants or "draws" are started in a hotbed from potatoes that are carried over winter. It will not pay the average gardener to grow his
